LEGEND

- Native woodland scrub mix managed to form a mixed height canopy.
- Native hedge obscuring sight lines from the adjacent road into the car park
- Native groundcover mix allowing views through the carpark and providing easy access to maintenance areas.
- General purpose meadow mix providing habitat for wildlife and aesthetic value for visitors
- Introduced native trees at standard size to provide instant impact and shading
- Permeable and drivable gravel surface held in a cellular crate system to all new areas of parking
- Self binding gravel path providing pedestrian access to the lake and a scenic route through new meadow planting
- Tarmac access road and pedestrian ramp to existing parking and visitor center
- Planted conveyance swale
- Reclaimed railway sleeper to car park edge and parking space divisions
- Red line site boundary

0 5 10 15 20 25m
