Mini Tree Report Date: 1/3/2021

Mrs L Whitter
8 Bentgate Close
Newhey
Rochdale
OL16 4NB

As requested, please see my mini tree report, as previously mentioned this offers no guarantees as trees are living organisms and can fail at any time. We would also like to point out no indemnity or insurance cover is offered. This report is in "my opinion" only and covers only the trees that have been inspected.

Tree in question subject to Tree Preservation Order 020 T32

Work done

Site visit, arboricultural inspection, photography and report.

Trees in question

T32 Horse Chestnut

Problem

The tree has grown considerably and has not been maintained consequently there is now very little light into your garden and the gardens of your neighbours.

Recommendation

I would recommend a 25% crown thin. This will allow more light into the garden and at the same time tidy up the trees and improve the amenity value to the wider community without affecting the health of the trees.

This work was previously approved but never took place (Ref14/01461/WTTPO) due to not getting the work done within the 2 year time frame.

Regards

C.Ashton
