Assessment

Design and Visual Amenity: Are the following acceptable?

Impact on street scene, including subservience, terracing and building line	✓

Height and massing	✓
Facing materials and detailing	✓
Roof style	✓
Window proportions	✓
Bin storage	✓
Impact on trees	✓

The bins are currently stored to the front of the property meaning this development will not cause undue harm to the existing bin storage.

The design of the proposal is therefore acceptable and accords with policies DM1 and P3 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Residential Amenity: Are the following acceptable?

Impact on privacy, light & outlook of neighbours (to sides, rear and front)	✓
Light and outlook of application property	✓
Remaining garden space of application property	✓

The impact to no.115 Warwick Road remains unchanged, as the existing single storey side and rear extension are situated alongside the shared boundary between the two properties.

It is considered that the single storey rear extension will not unduly harm the residential amenity of no.119 Warwick Road, as the proposed enlargement extends approximately 2.7m from the rear of the property on the common boundary. This is considered acceptable as per paragraph 5.6 of the Guideline and Standards for Residential Development SPD.

The proposal is therefore acceptable in terms of residential amenity and accords with policy DM1 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Highways and Parking: Are the following acceptable?

Impact on highway safety	✓
Parking provision	✓

The proposal is therefore acceptable in terms of highways and parking and accords with policy T2 and Appendix 5 of the adopted Rochdale Core Strategy and the NPPF.
