

LAP LED PIR FLOODLIGHT BLACK 30W DAYLIGHT

- IP44
- Energy Efficient
- Adjustable Head
- 120° 10m PIR Detection Range
- Model No:
- Adjustable Dusk-to-Dawn Sensor

SPECIFICATION	
Adjustable	Adjustable Head
Brand	LAP
Colour	Black
Colour Temperature Description	Daylight
Colour Temperature Value	5000 K
Construction Material (Lighting)	Aluminium & Plastic
Fixings Supplied	Fittings Supplied
IP Rating	IP44
Lamp Type	LED
Lighting PIR Range	10 m
Lm	1700 lm
Manufacturer Guarantee	3 Year Manufacturer's Guarantee (T&Cs Apply)
Pack Size	1
Parent Colour	Black
Pieces In Pack/Case	1
PIR	PIR
Power Consumption	30 W
Power Voltage Supply	220-240 V
Product Depth	224 mm
Product Height	250 mm
Product Type	PIR Floodlight
Product Width	160 mm
Quantity/Type Of Lamps Supplied/Required	Integrated LED

Further Details are as follows.

The PIR function will be disabled by a master switch in the control room so that are not activated when someone is onsite so no animals or persons will be able activate the lights.

There will be an annual service of the battery systems where engineers will be onsite up to 3 days, business hours 08:00-18:00 (the lighting could be used 08:00-09:00 and 15:30 to 18:00 on these 3 days if the service is in winter months)

The other time is in an emergency call out if the site has an issue. This is likely to be no more than once a year maybe once fully commissioned.

I would not expect more than 5 lights to be on at any one time in a call out situation
