

Independence 3m Steplift

A modern system for up
to three metres of travel

The modern
lightweight
Steplift that
takes you
further

- 500kg capacity
- up to 3m travel
- access between 2 levels
- user plus attendant
- wheelchair or ambulant
- internal & external
- domestic & public access

The stylish Independence Steplift, with its lightweight aluminium and stainless steel construction, provides both strength and modern aesthetics.

Capable of lifting 500kg, the Independence is available in two models depending on your travel height requirement - for up to either 2 metre or 3 metre travel.

With a range of platform sizes and configurations, you can choose the system that best suits your user needs and available space.

The quiet battery operation provides smooth transit and is suitable for both internal and external locations either at home or in public spaces.

12 Months Warranty

Our Independence 3m Steplift comes with 12 months Parts and Labour as standard. We also offer Extended Warranties up to 5 years covering you for all service and maintenance costs.

Style that lasts

The Independence is designed to be as robust as it is stylish, and is therefore an ideal option for both internal and external environments.

With the pump unit integrated within the lift it offers **reduced vandalism risk** and with no need for a separate control unit location minimises installation time and builders work. The lift can also be **relocated** and **gates rehanded** to open either direction, offering great flexibility for the future.

The **easy to service 2-piece system** means your Independence Steplift will provide reliable and efficient access for many years.

Why choose Pollock Lifts?

“ Many, many thanks to everyone at Pollock Lifts.

My mum has had her Steplift for years, without any problems, and we are looking forward to many happy years ahead ”

We have been specialising in lift access since 1983 and really understand our customers' needs and concerns.

When mobility access is required it raises many important questions and practical issues that our team are experts at solving. And our highly trained support team are here 24 hours a day to respond to your needs, wherever you are located.

As leaders in state-of-the-art lift technology, our versatile range of access solutions are designed to be elegant and fit easily into your environment, freeing up space and ensuring the ultimate in comfort and safety for its users.
