

- NOTES :-
- 1.This drawing is to be read in conjunction with separate A4 Outline Planting Specification Notes
 - 2.Locations of proposed trees are approximate, located within gaps between existing trees. Precise locations TBA on site to avoid any obstructions eg existing understorey shrubs, artefacts etc.
 - 3. Contractor to check for any underground services, drains etc prior to excavating the tree pits. and if any conflict- tree locations should be adjusted accordingly.
 - 4. Tree pits located within the RPA's of existing trees are to be very carefully hand dug to avoid existing tree root damage. If necessary proposed tree locations to be adjusted locally.
