

BS 5837 Tree Survey – 15 Broadhalgh Avenue – Norden – Rochdale

Tree Number	Species	Height (m)	DBH (mm)	Crown Spread N,E,S,W (m)	Life Stage	General Observations	SULE (Years)	Retention category
T1	Lime	15	450	5-5-5-2	M	A reasonable tree that would require removal for development of garage.	>30	B
T2	Lime	15	450	2-5-2-5	M	A reasonable tree that would require removal for development of garage.	>30	B
T3	Lime	15	450	2-5-2-5	M	A reasonable tree that would require removal for development of garage.	>30	B
T4	Lime	15	450	2-5-2-5	M	A reasonable tree that would require removal for development of garage.	>30	B
T5	Lime	15	400	2-5-2-5	M	A reasonable tree that can and will be retained throughout development.	>30	B
T6	Lime	15	450	2-5-2-5	M	A reasonable tree that will be outside of the scope of the development and retained throughout development.	>30	B
T7	Lime	15	450	2-5-2-5	M	A reasonable tree that will be outside of the scope of the development and retained throughout development.	>30	B
T8	Lime	13	400	2-5-2-2	M	A reasonable tree that will be outside of the scope of the development and retained throughout development.	>30	B
T9	Juniper	6	Multi x 10 (200)	2-2-2-2	YM	A poor tree that can if required be retained throughout the development.	<20	C
T10	Juniper	5	Multi 250 – 150-100-100	2-2-2-2	YM	A poor tree that can if required be retained throughout the development.	<10	C
T11	Lawson Cypress	4	100	1-1-1-1	Y	A poor tree that can if required be retained throughout the development.	<10	C
T12	Juniper	4	250 150 150	1-3-3-1	YM	A poor tree that can if required be retained throughout the development.	<10	C
T13	Beech	14	600	9-10-10-10	M	A good tree that will be retained and	>50	A

BS 5837 Tree Survey – 15 Broadhalgh Avenue – Norden – Rochdale

						protected throughout development.		
T21	Oak	10	350	2-4-4-4	YM	A reasonable tree that will be retained and protected throughout development.	>50	B
T22	Sycamore	10	350	4-4-3-2	YM	A poor tree that will be retained and protected throughout development.	<30	C

DBH – Diameter at Breast Height

SULE – Safe Useful Life Expectancy
