

The floor plan shows a rectangular layout. On the left is a large area labeled 'Neighbour'. To its right is a vertical strip containing three bedrooms: 'Bedroom 3' at the top, 'Bedroom 1' in the middle, and 'Bedroom 2' at the bottom. A central 'Hall' connects these rooms. A staircase labeled 'UP' is located between the hall and Bedroom 2. A bathroom labeled 'W/C' is situated between Bedroom 3 and the hall. Another bathroom, also labeled 'W/C', is located between Bedroom 1 and the hall, marked with an 'X' to indicate it is to be removed. The plan also shows a small kitchen area at the top right and a large grey-shaded area at the bottom, likely representing a garden or driveway.

This architectural floor plan shows a central square room with a diagonal line from the top-left to the bottom-right corner. To the left of this central room is a rectangular area labeled "Neighbour". Above the central room is a long, narrow corridor or hallway. To the right of the central room is another rectangular area labeled "Neighbour". Below the central room is a small rectangular area. The entire plan is enclosed within a large rectangular boundary.

This architectural elevation drawing shows a two-story brick house. The house features a gabled roof with a dark, textured finish. The front facade is composed of brickwork. On the left side, there is a large, multi-paned window on the second floor and a smaller window on the first floor. The central entrance has a white door with a small transom window. To the right of the entrance, there is a two-car garage with two large, white, paneled doors. The house is set on a light-colored, textured ground surface.

This architectural elevation drawing shows a two-story house with a gabled roof. The left portion of the house is constructed of brick and features a dormer window on the upper level and a side door on the lower level. The right portion is finished with light-colored siding and includes a large front door. The drawing is presented on a grid background.

This architectural elevation drawing shows a two-story brick building with a gabled roof. The main building has a smaller gabled section on the left and a larger gabled section on the right. A smaller, single-story structure is attached to the right side. The drawing includes a fence in front of the building and a cross-hatched area representing the ground. The building features several windows and a door, and the roof is depicted with a grid pattern.

A 3D architectural rendering of a two-story brick house. The house features a gabled roof with a textured brick pattern. The front facade has a central entrance with a small porch, flanked by windows. A side porch with a railing is visible on the left. A detached garage with a gabled roof is attached to the right side of the house. The rendering is in a light gray tone.
