

Architectural elevation drawing of a building facade. The drawing includes a grid with columns C, B, and A. The facade features a solid steel door set, PPC aluminium windows, and new facing brickwork. A red dashed box highlights a 'Building Door Replaced with New Window' location, subject to survey. The drawing also shows proposed metal cladding and feature brickwork panels.

Proposed metal cladding

Solid steel door set

PPC Aluminium window

New facing brickwork

PPC Aluminium glazed doorset with opaque spar panel above

Feature brickwork panel
