

Architectural elevation drawing of a building facade. A callout bubble points to the proposed roof extension with the text: "Flat roof to be raised to match neighbouring roof height. Upvc cladding to match existing." The drawing shows a central door with a pediment, several windows of different sizes, and a chimney on the right side. The proposed roof extension is indicated by a dashed line and a callout bubble.

Technical cross-section drawing of a building facade. The drawing shows a gabled roof structure on the left with a chimney. To the right, a section with a sloped roof is shown, featuring a yellow wall. Dimensions are indicated on the right side: 2500 for the height of the yellow wall, 2925 for the total height of the section, and 200 for the height of the base layer.
