

4.0 ZONE PLANS & PHOTOGRAPHIC RECORD

4.6 ZONE F: PAVILION CAFÉ AND THE PROMONTORY

The Promontory and Pavilion Café can only be accessed on foot and are located to the southern shoreline of Hollingworth Lake. The Café includes toilets and externally there is a play area, picnic tables and a memorial bench set into the landscaping.

There is no car parking associated with the Pavilion café, access is via a wide accessible path which continues around the perimeter of the lake in both directions, to the east passing the nature reserve discussed on the previous pages. The hillside behind the café could be better used incorporating potential outdoor tree top activities.
