

All dimensions are to be checked on the prior to construction, manufacture any components and ordering of materials and equipment.
All dimensions are approximate and may be affected by changes in construction. Any discrepancies are to be reported to the architect for clarification.

All materials and workmanship to be in accordance with the current British Standards and codes of practice.

All proprietary products are to be used strictly in accordance with the manufacturers printed instructions. The Contractor is to refer to the specifications and recommendations.

This drawing is to be used in conjunction with all relevant Architectural, Structural Engineers, Mechanical Engineers, Electrical Engineers and Specialists drawings and specifications.

All details are to be in accordance with the DTL's "Limiting Thermal Bridging and Air Leakage: Robust construction details for dwellings and similar buildings".

All Separating Floor and Separating Wall details are to be strictly in accordance with Technical details Part E: Resistance to the passage of sound publication and procedures.
