DESCRIPTION  
Outdoor info pylon small, freestanding without light, 1200x600

MATERIALS  
Core construction 60x60 mm RHS steel frame galvanized, in powder coated metal NCS N-8000 (dark grey).  
Bended plates made of aluminium or alucobond and powdercoated in NCS S 1080-Y80R (Danish Crown Red).  
Text mounted on top of metal panel in white foil.  
All surfaces are matt polished.

MOUNTING  
Mounted in gravel, self-stabilizing.

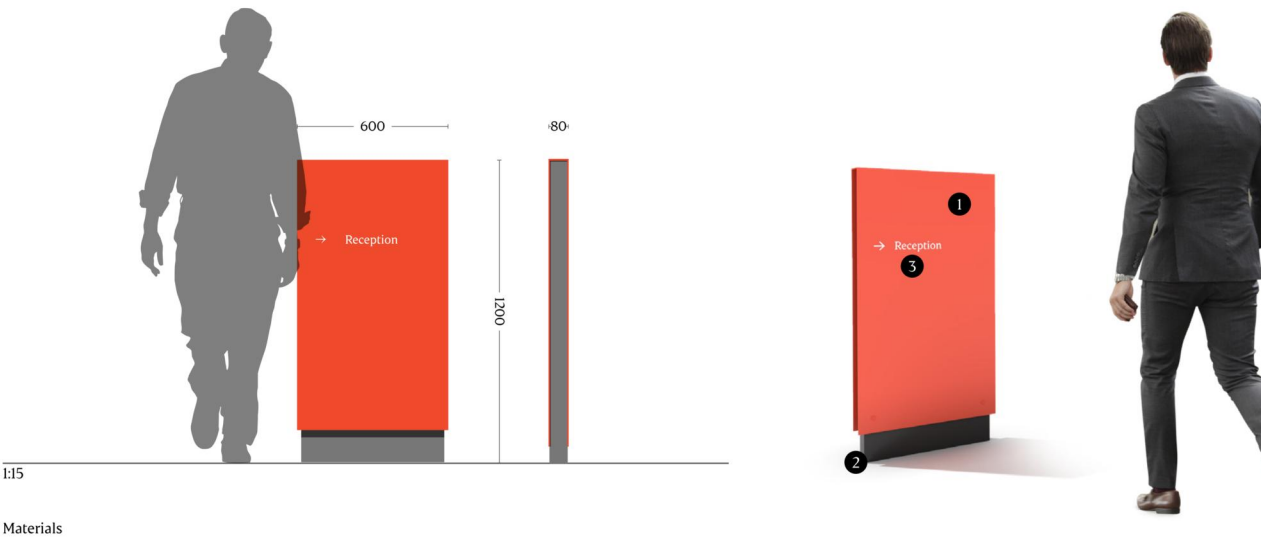

GENERAL  
All metals have to be galvanized or stainless and all joints have to be waterresistant. Dimensions on structure underground can be changed according to demands defined by the producer.

NOTE  
Use outlined logo and text in separate .ai-file.  
Placement & alignment of text use Signage Guide.
