

132

The diagram is a site plan showing a large rectangular plot of land. Within this plot, there is a complex, irregular shape representing a building footprint. The building has several protrusions and recessions. The number '132' is written inside the plot, near the building. The plot is bounded by several lines, some of which are parallel, suggesting a road or boundary. The lines are drawn in a simple, hand-drawn style.
