RE: APPLICATION NO: 18/01395/FUL

Dear Sharon,

I hope you are keeping well.

Please find enclosed existing and proposed site plans showing walls, fencing and gates and also bin storage as requested.

I can confirm that there is no off road car parking associated within the proposals.

With regard to the details for the café part of this application these were already provided to Osian Perks within the previous application from Donna Wild. These details previously provided also form part of the current application 18/01395/FUL.

Please do not hesitate to email/telephone me if you require any further information before you validate these proposals.

Thank you and take care,

Leslie Caddick.

Leslie Caddick
