

JAPANESE KNOTWEED

Contractor's Requirements

As a Company with concerns about the environmental impact of Japanese Knotweed we take our responsibilities very seriously.

As a contractor working on our site we require you to:

- Acknowledge that you are aware of the existence of Japanese Knotweed on our site
- Ensure you will not further spread Japanese Knotweed about our site by moving contaminated material about the site.
- Have systems in place to ensure you do not bring material onto the site that is contaminated by Japanese Knotweed
