

DETERMINATION ON APPROVAL OF DETAILS REQUIRED BY A CONDITION

Application No: 20/01204/DOC

Application Type:

Approval of detail reserved by condition.

Proposal: Submission of details to comply with conditions 4 on planning permission 18/00488/AM

Location: 174 Bury Old Road, Heywood, OL10 3LN

Your application for approval of details reserved by condition(s) has been dealt with and the details are set out below:-

Conditions and Reasons:

4 No development shall take place until an investigation and risk assessment (in addition to any assessment provided with the planning application) has been submitted to and approved in writing by the Local Planning Authority. The assessment shall investigate the nature and extent of any contamination on the site (whether or not it originates on the site). The assessment shall be undertaken by competent persons and a written report of the findings submitted to and approved in writing by the Local Planning Authority before any development takes place.

The submitted report shall include:

i) a survey of the extent, scale and nature of contamination

ii) an assessment of the potential risks to

- human health,*
- property (existing or proposed) including buildings, crops, livestock, pets, woodland, and service lines and pipes,*
- adjoining land,*
- groundwaters and surface waters,*
- ecological systems,*
- archaeological sites and ancient monuments;*

iii) where unacceptable risks are identified, an appraisal of remedial options and proposal of the preferred option(s) to form a remediation strategy for the site.

The development shall thereafter be carried out in full accordance with the duly approved remediation strategy and a verification report submitted to and approved in writing by the Local Planning Authority before any of the building(s) hereby approved are first occupied.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with Policy G9 of the Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: Further investigation will be necessary prior to commencement of any building or engineering works on site.

Decision: The submitted 'Phase II Letter Report - Results of Soil Chemical Testing & Gas Monitoring' by TJ Booth Associates ref. 'rep-tjba-brooks-174 bury old rd-phs II letter rep-270618.docx' dated 13 July 2020 is approved. The development shall be carried out in accordance with the recommendations within it to comply with the requirements of the condition.

Please note this application is only for the following: the previous requirements have been approved:

A further application will need to be submitted to provide a completion report in respect of soil remediation and gas protection measures.
