Black uPVC Fascia Boards

- Length: 5m
- Width: 200mm
- Height: 33mm
- Colour: Black
- Weight: 7.000KG

Condition 4 Windows & Doors

Drawings 21.2449.100, 21.2449.101 & 21.2449.102 submitted along with this summary sheet provide cross sectional details of the proposed windows and doors to the dwellings. As per Condition 3, the windows and doors are to be UPVC Anthracite RAL7016.

Condition 5 Sprinkler System

Smart Mist Domestic Sprinkler System is to be provided to the proposed dwellings.

Specification:

- BS8458 compliant
- British Standard
- Accepted by Building Control Departments
- Eco-friendly fire suppression
- Connects directly to the water main
- Operating pressure of 80-90 Bar
- 62 mm in diameter

Servicing and Maintenance

Following installation, SmartMist engineers perform annual servicing checks on each system to ensure the system remains at optimum functionality. Documentation of maintenance and service checks are to be recorded and passed to homeowner / landlord.

Condition 9 Trees

MMA Tree Consultancy Report submitted alongside this DOC summary sheet. Please refer to document: *Protective Fencing Specification*

Condition 10 Landscaping

Drawings 21.2449.103 submitted along with this summary sheet provide cross sectional details of the proposed hard and soft landscaping.

Condition 13 Drainage

Please see the proposed Drainage Strategy report as provided by RIDA.

Condition 14 Risk Assessment & Method Statement

A risk assessment and method statement has been submitted alongside this summary document which outlines the works required within 10m of the existing railway and identifies methods for safe working within these zones.
