

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 22/00814/FUL

Name and address for correspondence:	Applicant name:
Mr Michael Beech BPD Architecture Sitchstone Brown House Lane Higher Wheelton Chorley PR6 8HR	Mr Duffy Admiral Property Developments Limited

Part I - Particulars of Application

Date of Application: 4 July 2022

Proposal:	Erection of 3 no. two-bedroom terraced dwellings, following demolition of garages
Location:	Land At Baildon Road , Rochdale, OL12 7NG

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans:-
1071_BRR_ESLP - Location Plan
1071_BRR_SLP A - Site Layout Plan Rev. A
1071_BRR_HT1 A - Proposed floorplans elevations and streetscene
and the development shall be carried out in accordance with these drawings hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 3 Prior to commencement of the development an investigation and risk assessment, in addition to any assessment provided with the planning application, must be completed to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The investigation and risk assessment must be undertaken by competent persons and a written report of the findings must be produced and shall have been first submitted to and approved in writing by the Local Planning Authority before development commences. The report of the findings must include:
- i) a survey of the extent, scale and nature of contamination
 - ii) an assessment of the potential risks to:
 - human health,
 - property (existing or proposed) including buildings, crops, livestock, pets, woodland, and service lines and pipes,
 - adjoining land,
 - groundwaters and surface waters,
 - ecological systems,
 - archeological sites and ancient monuments;
 - iii) where unacceptable risks are identified, an appraisal of remedial options and proposal of the preferred option(s)

The development shall thereafter be carried out in full accordance with the duly approved remediation strategy and a verification report submitted to and approved in writing by the Local Planning Authority before any of the buildings hereby approved are first occupied.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with Policy G9 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: Further investigation will be necessary prior to commencement of any building or engineering works on site.

- 4 No development shall take place until such time as a scheme for the disposal of foul and surface waters from the site has been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, surface water must drain separately from foul water. The surface water drainage scheme should be based on the hierarchy of drainage options in the National Planning Practice Guidance with evidence of an assessment of the site conditions, and include details of how the scheme shall be managed after completion. The development shall be completed, maintained and managed in accordance with the approved details.

Reason: To prevent an increased risk of flooding as a result of the development and to ensure satisfactory disposal of surface and foul water from the site in accordance with the requirements of Policy G8 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: As the proposals require ground works, these details are required prior to commencement of any building or engineering works on site.

- 5 No development shall take place until finished floor levels for the proposed buildings and finished ground levels across the site relative to agreed off-site datum point(s) have been submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: In the interests of amenity and in compliance with Policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework

Reason for pre-commencement condition: An understanding of proposed levels in relation to existing levels is required prior to commencement of any relevant engineering operations on site.

- 6 Notwithstanding any description of materials in the application, no above ground construction works shall take place until samples and/or full specification of materials to be used externally on the buildings have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. Development shall be carried out in accordance with the approved details prior to the first occupation of the development.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy and the requirements of the National Planning Policy Framework.

- 7 Notwithstanding any description in the application, no above ground works shall take place until full product specifications for the windows, external doors, roof lights and detailed design of the window and door reveals, at a scale of not less than 1:50, have been submitted to and approved in writing by the Local Planning Authority. The windows and doors shall be installed in accordance with the approved details thereafter.

Reason: In the interests of visual amenity and in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 8 Notwithstanding any description in the application or approved plans, no above ground works shall take place until full details of the design and placement of any pipework, meter boxes or flues (as necessary) to be fixed to the dwellings hereby approved have been submitted to and approved in writing by the Local Planning Authority. The approved measures shall be duly implemented and retained as such thereafter.

Reason: In the interests of visual amenity and in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 9 a) Notwithstanding the details shown on the approved plans, the development hereby permitted shall not be occupied until full details of both hard and soft landscaping works have been submitted to and approved in writing by the Local Planning Authority. The details shall include the formation of any banks, terraces or other earthworks, hard surfaced areas and materials, planting plans, specifications and schedules (including planting size, species and numbers/densities), existing plants / trees to be retained and a scheme for the timing / phasing of implementation works.

(b) The landscaping works shall be carried out in accordance with the approved scheme for timing / phasing of implementation or within the next planting season following final occupation of the development hereby permitted, whichever is the sooner.

(c) Any trees or shrubs planted or retained in accordance with this condition which are removed, uprooted, destroyed, die or become severely damaged or become seriously diseased within 5 years of planting shall be replaced within the next planting season by trees or shrubs of similar size and species to those originally required to be planted.

Reason: To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with Core Strategy Policy G6 and G7 and the National Planning Policy Framework.

- 10 The dwelling hereby approved shall not be occupied until such time as a scheme of biodiversity enhancements for the site including, but not limited to, the provision of bird boxes, bird bricks, bat boxes and bat bricks to be situated externally on, or integrated to the fabric of the dwelling hereby approved has been submitted to and approved in writing by the Local Planning Authority. The duly approved scheme shall be implemented in full prior to first occupation of the dwellings and retained thereafter.

Reason: In the interests of enhancing biodiversity and habitat provision within the site in accordance with Policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 11 No clearance of trees and shrubs in preparation for (or during the course of) development shall take place during the bird nesting season (March - August inclusive) unless an ecological survey has been submitted to and approved in writing by the Local Planning Authority to establish whether the site is utilised for bird nesting. Should the survey reveal the presence of any nesting species, then no development shall take place during the period specified above unless a mitigation strategy has first been submitted to and approved in writing by the Local Planning Authority which provides for the protection of nesting birds during the period of works on site.

Reason: In order to prevent any habitat disturbance to nesting birds in accordance with Policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 12 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), or any equivalent Order following the revocation and re-enactment thereof, the dwelling hereby approved shall not be altered or extended, and no buildings or structure shall be erected within their curtilage under Schedule 2, Part 1, Classes A, AA, B, D, and E of the above Order except with the prior written approval of the Local Planning Authority.

Reason: To prevent undue harm to the amenity of existing and future occupiers and in the interest of visual amenity and in accordance with Policy DM1 adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement:

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.

Date Decision Issued 26 August 2022

**Daniela Ripa
Interim Head of Planning Services**

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface

mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.

INFORMATIVE:

The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms but as an indication, the present charge for a suite of three 240l recycling bins and one 240l refuse bin is £144 per residence. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.
