Reason: In the interests of amenity and the conservation of protected species and in compliance with Policies P3, G9, DM1 and G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Thereafter the development shall be carried out in accordance with the approved details.

Officer Response:

No elevation plans have been submitted to show the extent of the necessary rebuilding and repair works, as such the condition cannot be discharged. A further submission will be required for details of this to be provided prior to works to elevations of the building.

- 11 No works to the elevations of the building (excluding demolition) shall commence until full details of existing and proposed ground levels and proposed building finished floor levels (all relative to ground levels adjoining the site) shall have been submitted to and approved in writing by the Local Planning Authority, notwithstanding any such detail shown on previously submitted plan(s). The development shall be carried out strictly in conformity with the approved details.

Reason: To protect the appearance of the locality and in the interests of the amenities of local residents.

Officer Response:

The submitted information does not provide details of the ground levels to the adjoining site. Additionally the proposed site plan submitted does not show the approved whole site of the amenity area, and is as such inaccurate. Surrounding proposed ground levels are required.

Yours faithfully,
