

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

10/01/2025

1.2 Planning application reference number

24/00770/FUL

1.3 Local planning authority (LPA)

Rochdale MBC

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Bowlee Park Driving Range, Heywood Old Road,
Middleton, M24 4TH

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

The construction of an adventure golf course, an increase in the number of car parking spaces and the addition of another storey on the existing driving range building.

2. Developer details

2.1 Applicant name

Christopher and Graham Fletcher

2.2 Company name

Improve My Golf

2.3 Address

Bowlee Park Golf Driving Range
Heywood Old Rd
Middleton
Manchester
M24 4TH

2.4 Email address

info@improvemygolf.co.uk

2.5 Telephone number

0161 654 9666

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

G. Fletcher

2.8 Date

19/01/25

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Richard Parkinson

3.2 Company name

Living Ecosystems

3.3 Address

24 Orwell Close
Bury

Lancashire

BL8 1UU

3.4 Email address

notonnecta@aol.com

3.5 Telephone number

07854137884

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

RUParkinson

3.8 Date

11/01/2025

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

Yes

4.2 If no, what earlier date did you agree with the LPA?

4.3 How have you met the guidance on 'what counts towards your BNG'?

[Find out what you can count towards a development's BNG](#)

In order to achieve the required minimum 10% uplift in biodiversity units post development the landscape masterplan incorporates the enhancement of the existing 140 metre length of hedgerows with trees around the car park by the addition of suitable native species and small trees/shrubs of UK provenance be planted around the boundaries of the site. The landscape plan also includes the addition to the site of 200 square metres of species rich wildflower meadow.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

There are no irreplaceable habitats on the site and existing habitats apart from a small area of modified grassland are to be enhanced.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

Yes

4.6 How will you achieve the target net gain percentage?

On-site

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

Yes

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

The landscape plan also includes the addition to the site of 200 square metres of species rich wildflower meadow.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

None

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

N/A

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

Yes

4.13 Have you used the statutory biodiversity metric tool?

Yes

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

Bowlee macroBiodiversity Metric 4.0 Calculation Tool

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

N/A

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

02 Bowlee-Driving-Range-preliminary-eco-appraisal V2

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

included in Bowlee HMMPT V6R

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

No

Consenting body

N/A

Reference number

N/A

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

No

5.2 Have you submitted an approved compensation plan?

No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

Initial PEA survey - 1st May 2024

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

The initial survey was carried out at an optimal time and I am entirely confident that the survey has identified and addressed all the relevant ecological issues at the site. However such surveys can only ever be a snapshot of the conditions at a single moment in time.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

6.44

Number of hedgerow biodiversity units

0.13

Number of watercourse biodiversity units

0

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

16.57

Number of hedgerow biodiversity units

0.14

Number of watercourse biodiversity units

0

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

16.57

Area habitat biodiversity units % change

+157.22%

Hedgerow biodiversity units

0.01

Hedgerow biodiversity units % change

+10.34%

Watercourse biodiversity units

0

Watercourse biodiversity units % change

0

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

N/A

7.2 Biodiversity gain site register reference number

N/A

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

N/A

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

N/A

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

N/A

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

N/A

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).
