Rochdale Council

25/00284/WTTPPO | Works to two Willow Trees subject to TPO232 within Group A4 as follows:- pollard to a height of 1.5 metres from stem base with re-pollard taking place every 3-4 years | Land To The Rear Of 16 Coal Bank Fold Rochdale OL11 5NQ

I would raise no objections to the above tree works, justified in the interests of avoidance of damage to property and risks to safety. Willows are resilient and should survive the pollarding.

Works must be carried out by a suitably qualified and insured arborist.

Yours

Derek Richardson
