Dear Mr Allen

Re: Landlord Accreditation Scheme – 304A Oldham Road, Middleton, M24 2DP

Please note that the above property was inspected on the 17/09/08 for the purposes of the Accreditation Scheme. Unfortunately at the time of inspection the property failed to meet the standards of accreditation.

The Housing Act 2004 identifies a number of housing health and safety hazards that are a risk to the occupants of any dwelling. Once a hazard is identified it is assessed as to how dangerous it is and what the likelihood of the hazard causing harm to the occupants of the dwelling is.

The hazard is then scored and categorised into either a category 1 hazard or a category 2 hazard. Category 1 hazards are the serious hazards that may cause a health or safety risk to the tenants and it is advised that improvements are carried out to reduce these risks. Category 2 hazards are less serious hazards and depending on the score of the hazard, improvements may be recommended to the landlord under the Accreditation Scheme with the aim of preventing the category 2 hazards becoming more serious.

This letter and attached schedule identify the works required to reduce the risks from those hazards and bring the property up to the standards of Accreditation. There are certain works that the Accreditation Scheme will pay for. If so, these works will be listed on the attached schedule.

As you may be aware the Accreditation Scheme is offering a small works grant to help landlords bring the property up to the required standard. You can contact the Accreditation Team on 01706 926623 to find out what works you may qualify for.

To progress with the works that the Accreditation Scheme will complete, I would be grateful if you could complete the confirmation form overleaf and return in the enclosed SAE. Once this is received I can arrange for the works to be completed.

Thank you for supporting the Accreditation Scheme, if you have any queries or would like further information regarding the inspection or required works please do not hesitate to contact me.

Yours sincerely
