Historic Environment Conservation Consultation Response

Application ref: 25/00628/FUL

Proposal: Installation of plant equipment to the rear of the Sainsburys Local

Site Address: Sainsburys, 44 Hare Hill Road, Littleborough, Rochdale, OL15 9BA

Date of Response: 22.09.25

Consultation Report

No objection to the application proposal, subject to appropriate colour treatment. These details can be secured within the application or conditioned.

However, the proposed installation of new plant equipment represents a good opportunity to refresh the visual appearance and upkeep of the rear service yard / parking area of the store, which presently looks unkempt, especially the paint finish on the masonry wall and the lack of cohesiveness between existing fencing installations.

Please feel free to share these comments with the applicant for forwarding as relevant to their estates and asset management team. It would be much appreciated if the external visual appearance of this important local store could be improved upon in the very near future.

Re-consultation

Only if deemed necessary by the Case Officer.
