1 CRAWFORD STREET - MATERIALS SCHEDULE					

1

External Brickwork Façade - Red Brick (Specification.....)

Main Brick - 65mm Michelmersh Wrekin Dark Red Facing bricks

Feature Brick - 65mm Wienerberger K20165P 65mm Smooth Blue Facing Bricks

Proposed

Phantom Construction UK, propose to use the brick specified, as we belive this blends with the natural surrounding of other building within the area.

2

External Cladding façade - Tata Trimapanel 1m module Composite micro-rib panels,

90mm thick, external colour Sirius RAL 9006 & Solent Blue HPS200 Finish blue banding, internal colour white enamel

Proposed

Phantom Construction UK, propose to use the External cladding facade specified, as we belive this blends with the natural surrounding of other building within the area. This has also been proposed by the Architect and is inline with the CGI / Drawings issued for planning.
