

Do not scale off this drawing

All dimensions are to be checked on site and any discrepancies to be referred to the designer before proceeding. All levels to be checked on site All discrepancies between information shown on the drawings and the information in the specification to be referred to the designer prior to proceeding. All component sizes and references to be checked before ordering

Position of existing drain runs to be confirmed prior to proceeding and drains checked as necessary.

All relevant boundary positions are to be checked prior to proceeding

Building regulation drawings can be used for building estimates, however for an accurate quote builders must attend site as these drawings do not account for all aspects of the building works.

03 Existing Rear Elevation
Scale 1:50

04 Existing Side Elevation
Scale 1:50

The drawing is a line-art architectural elevation. It features a main building with a symmetrical gabled roof. On the left side, there is a smaller addition with a hipped roof. The main building has a central entrance door with a transom window. Above the door is a small, square window with a grid pattern. To the right of the door is a tall, narrow window with a grid pattern. On the far right, there is a small, vertical rectangular element. The addition on the left has a large window with a grid pattern and a door. The entire drawing is set against a plain background.
