

Design And Access Statement

560-108

Glenmore, Alkrington Hall, Alkrington, Middleton

1. Proposal:

Replace existing windows and front door with new Upvc frames and glazing

Reason:

Modernise the windows as they are in a bad state of repair.

2. The site and existing building:

The site is situated within the Alkrington Hall area of Alkrington, Middleton. The existing building is a Grade II listed building.

3. The Proposed Windows:

The new windows will be cream Upvc to the front of the house and black frames to the side and rear. They will be of a style to suit the original/most recently documented window styles of the house.
