

# Manual centre-pivot

Centre-pivot roof window: GGU and GGL

The classic VELUX roof window is operated by a neatly designed and convenient top control bar that allows you to open and close the window even with furniture placed underneath it. It also features a ventilation flap so you can air out your room with the window closed.

- Convenient top opening with integrated ventilation.
- Ventilation filter protects against dust and insects.
- Easy to rotate the window and clean the outer glass.
- Easily add blinds by simply clicking them into the patented mounting brackets.

Read more about glazing specifications on page 166.

## Blinds and shutters

- Consider interior blinds for light control, and anti-heat blinds or shutters for added heat protection.

Read more on page 121.

## Out-of-reach

- If your roof window is out-of-reach, VELUX recommends a solar or electric roof window.

Read more on page 28.

## Transform with daylight

- A single roof window is ideal for small rooms. For bigger rooms we recommend roof window combinations.
