

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 25/00488/FUL

Name and address for correspondence:	Applicant name:
MR MOHAMMED YASEEN 53 MANLEY ROAD OLDHAM OL8 1AS	MR MOHAMMED YOUSAF

Part 1 - Particulars of Application

Date of 14 October 2025
Application:

Proposal:	Two storey detached dwelling
Location:	Land Adjacent To 38 Coniston Drive, Middleton, Rochdale, M24 5RH

Part 2 Compliance with Conditions

It is YOUR responsibility to comply with planning conditions. The Council's Planning Enforcement Team is responsible for investigating alleged breaches of planning control. This includes ensuring that all relevant conditions have been complied with. Effective enforcement is important to:

- Tackle breaches of planning control which would otherwise have unacceptable impact on the amenity of the area
- maintain the integrity of the decision-making process;
- help ensure that public acceptance of the decision-making process is maintained.

Whilst the majority of developers/homeowners do comply with the requirements of planning permissions, there are a number who do not. Where any planning conditions are breached, the Council can take formal enforcement action without further notice. Enforcement action could include such measures as requiring remedial works, cessation of use, or complete demolition and can cause the developer/homeowner unnecessary expense, delay and frustration. In some cases, failure to comply with planning conditions can lead to the loss of the planning permission.

Part 3 - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason: Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans:-

- o Location & Site Plans. Dwg no. MY230325
- o Elevations & Floor Plans. Dwg no. MY230325

and the development shall be carried out in accordance with these drawings hereby approved unless otherwise required by the conditions below.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the Core Strategy, the Unitary Development Plan, the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 3 No development shall commence until proposals for gas protection measures, to be incorporated into the proposed building to prevent the ingress of landfill gas or ground gas, have been submitted to, and approved in writing by, the Local Planning Authority. The development shall thereafter be completed in accordance with the approved details and a Verification Report confirming the installation of the approved protection measures shall be submitted to, and approved in writing by, the Local Planning Authority.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with policies G8 and G9 of the Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: Further details will be necessary prior to commencement of any building or engineering works on site.

- 4 A watching brief for contamination shall be maintained when carrying out the approved development. If during any works on site contamination is suspected or found or contamination is caused, the Local Planning Authority shall be notified immediately. A suitable investigation and/or risk assessment and/or any remedial action shall be carried out in accordance with an agreed process and within agreed timescales to the approval of the Local Planning Authority. If contamination is not suspected, found or caused during development this must be confirmed in a completion letter which is subject to the approval in writing of the Local Planning Authority.

Reason: To prevent pollution of the environment and to ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with policies G8 and G9 of the Core Strategy and the National Planning Policy Framework.

- 5 Notwithstanding any detail shown on the approved plans or provided with the application submission, no development shall take place until a scheme for the discharge of foul and surface water from the site (including surface water from hard landscaped areas and the parking area), has been submitted to and approved in writing by the Local Planning Authority. The surface water drainage scheme shall be based on the hierarchy of drainage options in the National Planning Practice Guidance, shall be accompanied by evidence of an assessment of the site conditions and shall accord with the Non-Statutory Technical Standards for Sustainable Drainage Systems (March 2015) or any subsequent replacement national standards. For the avoidance of doubt, foul and surface water shall be drained on separate systems. Details of how the drainage scheme will be maintained and managed after completion shall be provided. The duly approved scheme shall be implemented prior to first occupation of the development hereby permitted and retained as such thereafter

Reason: To prevent an increased risk of flooding as a result of the development and to ensure satisfactory disposal of surface water from the site in accordance with policy G8 of the adopted Rochdale Core Strategy, policy EM/7 of the saved Rochdale Unitary Development Plan and the National Planning Policy Framework.

Reason for pre-commencement condition: No drainage information has been submitted. Drainage infrastructure will need to be implemented prior to commencement of above ground works and a scheme therefore needs to be agreed in advance of the same.

- 6 No development shall take place until details of finished floor and ground levels relative to previously agreed off-site datum point(s) have been submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy, policy JP-P! of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 7 Notwithstanding any description of materials in the application no above ground construction works shall take place until samples and / or full specifications of materials to be used externally on the buildings have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. Development shall be carried out in accordance with the approved details.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies DM1 and P3 of the adopted Rochdale Core Strategy, policy JP-P! of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 8 No above ground construction shall take place until the detailed design, materials and external appearance of the window and door reveals, at a scale of not less than 1:50, have been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be undertaken in accordance with the approved details and retained as such.

Reason: In the interests of visual amenity and to accord with policies DM1 and P3 of the adopted Rochdale Core Strategy, policy JP-P! of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 9 No part of the development shall be occupied until details of the type, siting, design and materials to be used in the construction of boundaries, screens or retaining walls have been submitted to and approved in writing by the Local Planning Authority and the approved structures have been erected in accordance with the approved details. The structures shall thereafter be retained.

Reason: In the interests of visual amenity and to accord with policies DM1 and P3 of the adopted Rochdale Core Strategy, policy JP-P! of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 10 Notwithstanding the details shown on the approved plans, the development hereby permitted shall not be occupied until full details of both hard and soft landscaping works have been submitted to and approved in writing by the Local Planning Authority. The details shall include the formation of any hard and soft surfaced areas including materials and a scheme for the timing / phasing of implementation works.

Reason: To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with policies DM1 and P3 of the adopted Rochdale Core Strategy, policy JP-P! of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 11 The development hereby permitted shall not be occupied until details of the specification and location of two bird/bat boxes have been submitted to and approved

in writing by the Local Planning Authority. The duly approved scheme shall be fully implemented prior to the first occupation of the dwelling and maintained thereafter for its intended use.

Reason: In order to secure a net enhancement in biodiversity as a result of the scheme hereby approved, and in accordance with policy G7 of the adopted Rochdale Core Strategy, policy JP-G9 of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 12 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any equivalent Order following the amendment, re-enactment or revocation thereof) prior to first occupation of the extension / building hereby permitted the windows in the first floor on the side elevation facing southeast shall be fitted with, to a height of no less than 1.7m above finished floor level, non-opening lights and textured glass which obscuration level is no less than Level 3 of the Pilkington Glass scale (or equivalent) and retained as such thereafter.

Reason: In the interest of amenity and in compliance with policy DM1 of the adopted Rochdale Core Strategy, policy JP-P! of the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

Procedure Statement:

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.

Date Decision Issued 15 December 2025

Melanie Hale
Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: [Fees for Planning Applications in England](#)

INFORMATIVE:

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine

gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:
Building on or within the influencing distance of mine entries - GOV.UK

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at:

www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property

What is a permit and how to get one? - GOV.UK (www.gov.uk) In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here -

<https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK

INFORMATIVE:

The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.

BIODIVERSITY NET GAIN

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority,
- and;
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Rochdale Council.

Based on the information available this permission is considered to be exempt under point 4.5 below.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.
2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.

3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and
 - (i) the original planning permission to which the section 73 planning permission relates* was granted before 12 February 2024; or
 - (ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.
4. The permission which has been granted is for development which is exempt being:
 - 4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:
 - i) the application for planning permission was made before 2 April 2024;
 - ii) planning permission is granted which has effect before 2 April 2024; or
 - iii) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).
 - 4.2 Development below the de minimis threshold, meaning development which:
 - i) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and
 - ii) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).
 - 4.3 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A ""householder application"" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
 - 4.4 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).
 - 4.5 Self and Custom Build Development, meaning development which:
 - i) consists of no more than 9 dwellings;
 - ii) is carried out on a site which has an area no larger than 0.5 hectares; and
 - iii) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).
 - 4.6 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

*original planning permission means the permission to which the section 73 planning permission relates"" means a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

For the purposes of paragraph 13 (a) above, a biodiversity gain plan is a plan which:

(a) relates to development for which planning permission is granted,

and;

(b) specifies the matters referred to in sub-paragraph 14(2) below:

The matters are:

- (g) information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- (h) the pre-development biodiversity value of the onsite habitat;
- (i) the post-development biodiversity value of the onsite habitat;
- (j) any registered offsite biodiversity gain allocated to the development and the biodiversity and the biodiversity value of that gain in relation to the development;
- (k) any biodiversity credits purchased for the development; and
- (l) any such other matters as the Secretary of State may by regulations specify.
