Swift Nest Boxes

- Installation of 2no RSPB Swift Nest Boxes to be positioned along the north-west side of the building.
- Dimensions: 44cm wide, 21.7cm tall (at the back), 12cm tall (at the front) and 20.2cm deep
- Siting: The swift boxes are designed to fit below the eaves a building, not to be placed within direct sunlight (east, west and north aspects are fine). Boxes will not be placed above doors or windows
- Maintenance: No cleaning or maintenance required, but will be checked every few years for possible decay.
