ROCHDALE BOROUGH COUNCIL

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 21/00269/FUL

Name and address for correspondence:	Applicant name:
Paul Clark CJ PARTNERSHIP WILDHOUSE COURT WILDHOUSE LANE ROCHDALE OL11 2PG	Steven and Elaine Williams

Part I - Particulars of Application

Date of Application: 11 March 2021

Proposal:	**Erection of detached dwelling following demolition of existing dwelling**
Location:	**Higher Moorgate Farm, Gristlehurst Lane, Heywood, OL10 4BJ**

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2 This permission relates to the following list of submitted plans, drawings and documents:-

- 3564/04 - Location Plan
- 3564/02 - Existing Floor Plan
- 3564/03 - Existing Elevations
- 3564/13/F - Existing and Proposed Site Plan
- 3564/14/D - Proposed Floor Plans and Elevations
- 3564/15/B - Volume Calculations

and the development shall be carried out in complete accordance with these drawings and documents hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the saved Rochdale Unitary Development Plan, the adopted Rochdale Core Strategy and the National Planning Policy Framework.

3 No development shall take place until such time as a scheme for the disposal of foul and surface waters from the site has been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, surface water must drain separately from foul water. The surface water drainage scheme should be based on the hierarchy of drainage options in the National Planning Practice Guidance with evidence of an assessment of the site conditions, and include details of how the scheme shall be managed after completion. The development shall be completed, maintained and managed in accordance with the approved details.

Reason: To prevent an increased risk of flooding as a result of the development and to ensure satisfactory disposal of surface and foul water from the site in accordance with the requirements of Policy G8 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: As the proposals require ground works, these details are required prior to commencement of any building or engineering works on site.

4 No development shall take place until an investigation and risk assessment (in addition to any assessment provided with the planning application) has been submitted to and approved in writing by the Local Planning Authority. The assessment shall investigate the nature and extent of any contamination on the site (whether or not it originates on the site). The assessment shall be undertaken by competent persons and a written report of the findings submitted to and approved in writing by the Local Planning Authority before any development takes place.

The submitted report shall include:
i) a survey of the extent, scale and nature of contamination
ii) an assessment of the potential risks to:
- human health,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland, and service lines and pipes,
- adjoining land,
- groundwaters and surface waters,
- ecological systems,
- archaeological sites and ancient monuments;

iii) where unacceptable risks are identified, an appraisal of remedial options and proposal of the preferred option(s) to form a remediation strategy for the site.

The development shall thereafter be carried out in full accordance with the duly approved remediation strategy and a verification report submitted to and approved in writing by the Local Planning Authority before any of the buildings hereby approved are first occupied.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with Policy G9 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.
Reason for pre-commencement condition: Further investigation will be necessary prior to commencement of any building or engineering works on site.

5 No development, including soft-strip, demolition or development groundworks shall take place until a reasonable avoidance measures method statement for amphibians in the application site has been submitted to and approved in writing by the Local Planning Authority. If any protected species is found to either reside or forage within the site, no development shall take place until a scheme for the protection of their habitat or an appropriate mitigation scheme has been submitted to and approved in writing by the

Local Planning Authority and the approved protection or mitigation measures shall thereafter be fully implemented.

Reason: To safeguard any protected species which may either live or forage within the site in accordance with Policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: As the proposals require the disturbance of ground identified as a viable habitat of protected amphibians, it is necessary to understand the extent of any existence.

6 No development shall take place until the trees that are to be retained within the site has been enclosed with temporary protective fencing and temporary ground protection has been fully installed in full accordance with BS:5837:2012 'Trees in relation to design, demolition and construction. The fencing and flooring shall be retained during the period of construction and no work, excavation, tipping, or stacking/storage of materials shall take place beyond such protective fencing during the construction period. The development shall thereafter be carried out in full accordance with the Arboricultural Impact Assessment received on 20th July 2020.

Reason: In order to protect the existing tree on the site in the interests of the amenities of the area and in accordance with Policies P2, P3, G1, G6 and G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: The tree must be protected before any works are carried out.

7 No demolition shall take place until such times as a one metre square freestanding panel of stonework showing the type of natural stone and stonework to be used in the repair of Higher Moorgate Cottage has been submitted to and approved in writing by the Local Planning Authority. All new stonework shall thereafter match that of the approved panel in terms of the stone used and the coursing, jointing and mortar mix and finish, unless otherwise agreed in writing by the Local Planning Authority. The stone panel so constructed shall be retained on the site until the development hereby approved has been completed.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

8 Notwithstanding any description of materials in the application no above ground construction works shall take place until samples and / or full specifications of materials to be used externally on the building(s) have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. Development shall be carried out in accordance with the approved details.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

9 Notwithstanding any description of materials in the application, no part of the development shall be occupied until details of the type, siting, design and materials to be used in the construction of boundaries, screens or retaining walls have been submitted to and approved in writing by the Local Planning Authority and the approved structures have been erected in accordance with the approved details. The structures shall thereafter be retained.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

10 a) Notwithstanding the details shown on the approved plans, the development hereby permitted shall not be occupied until full details of both hard and soft landscaping works have been submitted to and approved in writing by the Local Planning Authority. The details shall include the formation of any banks, terraces or other earthworks, hard surfaced areas and materials, planting plans, specifications and schedules (including

planting size, species and numbers/densities), existing plants / trees to be retained and a scheme for the timing / phasing of implementation works.

(b) The landscaping works shall be carried out in accordance with the approved scheme for timing / phasing of implementation or within the next planting season following final occupation of the development hereby permitted, whichever is the sooner.

(c) Any trees or shrubs planted or retained in accordance with this condition which are removed, uprooted, destroyed, die or become severely damaged or become seriously diseased within 5 years of planting shall be replaced within the next planting season by trees or shrubs of similar size and species to those originally required to be planted.

Reason: To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with Core Strategy Policy G6 and G7 and the National Planning Policy Framework.

11 No above ground works shall take place until the existing dwelling has been demolished in its entirety, in accordance with approved plan '3564/13/F - Existing and Proposed Site Plan.

Reason: To prevent overdevelopment in Green Belt in accordance with the objectives of Policy G/D/2 of the adopted Rochdale Unitary Development Plan, Policies G4 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

12 No clearance of trees and shrubs in preparation for (or during the course of) development shall take place during the bird nesting season (March - August inclusive) unless an ecological survey has been submitted to and approved in writing by the Local Planning Authority to establish whether the site is utilised for bird nesting. Should the survey reveal the presence of any nesting species, then no development shall take place during the period specified above unless a mitigation strategy has first been submitted to and approved in writing by the Local Planning Authority which provides for the protection of nesting birds during the period of works on site.

Reason: In order to prevent any habitat disturbance to nesting birds in accordance with Policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

13 No external lighting shall be installed on the dwelling hereby approved unless and until a detailed scheme for the same has been submitted to and approved in writing by the Local Planning Authority. Any such scheme shall be duly implemented in accordance with the approved details and retained as such thereafter.

Reason: In the interests of ensuring the conservation of protected species in accordance with Policy G7 of the adopted Rochdale Core Strategy, the National Planning Policy Framework and the Wildlife and Countryside Act 1981 (as amended).

14 The car parking and vehicular access arrangements shown on the approved plan '3564/13/F - Existing and Proposed Site Plan' to serve the development hereby permitted shall be made fully available for use prior to the development being first occupied and shall be retained thereafter for their intended purpose.

Reason: In the interest of highway safety and the free flow of traffic and in accordance with Policies T2 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

15 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), or any equivalent Order following the revocation and re-enactment thereof, the dwelling hereby approved shall not be altered or extended, and no buildings or structure shall be erected within their curtilage under Schedule 2, Part 1, Classes A, AA, B, D, E and of the above Order except with the prior written approval of the Local Planning Authority.

Reason: To prevent overdevelopment in Green Belt in accordance with the objectives of Policy G/D/2 of the adopted Rochdale Unitary Development Plan, Policy G4 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement:

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.

Date Decision Issued 6 May 2021

.....
Signed on behalf of the Council

IMPORTANT
PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:
The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:
The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE
The applicant is reminded that a bat roost has been confirmed on site. Under the Wildlife and Countryside Act 1981 it is an offence to capture, injure or kill a bat, deliberately disturb a bat, or damage or destroy a bat roost. Planning consent does not provide a defence against prosecution under this act. Prior to development commencing, it will be necessary to make contact with Natural England to obtain a license pursuant to Regulation 55, of the Conservation of Habitats and Species Regulations 2017 authorising the specified activity/development go ahead or a statement in writing form the relevant licensing body to the effect that it does not consider that the specified development or works will require a license.

The applicant is reminded that, under the Wildlife and Countryside Act 1981 as amended it is an offence to remove, damage, or destroy the nest of a wild bird, while the nest is in use or being built. Planning consent does not provide a defence against prosecution under this act. If a birds nest is suspected work should cease immediately and a suitably experienced ecologist employed to assess how best to safeguard the nest(s).

INFORMATIVE - HIGHWAYS
In the event that the surface of the Gristlehurst Lane is damaged at any point through the construction phase, the highway surface should be renewed upon completion of the development to an appropriate standard at the expense of the developer.

INFORMATIVE:
The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.

INFORMATIVE:
The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms but as an indication, the present charge for a suite of three 240l recycling bins and one 240l refuse bin is £144 per residence. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.
