

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 22/01091/FUL

Name and address for correspondence:	Applicant name:
Paul Clark CJ Partnership Blue Pit Mill Queensway Castleton Rochdale OL11 2PG	Debra Kay Rochdale Council, Early Help and Schools

Part I - Particulars of Application

Date of 8 September 2022
Application:

Proposal:	Enclosed entrance and access ramp to front elevation
Location:	Hopwood Primary School, Magdala Street, Heywood, Rochdale OL10 2HN

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans:
05 Plans as Proposed SK03
06 Location Plan
07 Site Plans Existing and Proposed
and the development shall be carried out in accordance with these drawings hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the saved Rochdale Unitary Development Plan, the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 3 Notwithstanding any description of materials in the application, no development above ground floor slab level shall take place until details of the materials to be used in the construction of the external surfaces of the extensions hereby permitted have been submitted to and approved in writing by the local planning authority. Development shall be carried out in accordance with the approved details.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies P2, P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 4 No above ground works shall take place until full details of the decorative finish for the proposed ramp have been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be carried out in accordance with the approved details and thereafter maintained.

Reason: To protect the architectural and historic interest of the non-designated heritage asset, in accordance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement:

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.

Date Decision Issued 3 November 2022

**Daniela Ripa
Interim Head of Planning Services**

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.
