REPRESENTATIONS

The application was publicised by way of neighbour notification and a site notice. No responses were received.

ANALYSIS

No concerns are had with the proposals, which would result in the replacement of an existing garage with a concrete garage that would occupy the same footprint.

The proposals would not result in any material differences regarding design, residential amenity or highways impact.

Therefore, it is considered that the proposals would accord with the Council's Development Plan.

RECOMMENDATION: Grant subject to the following conditions:

1. The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2. This permission relates to the following plans and documents:

- Location Plan dated 24/05/2025
- 'Block Plan for Garage Replacement - Barker Street Garage Plot 6' dated 23/05/2025
- Proposed Garage Plans
- Materials as specified on the submitted application form

and the development shall be carried out in accordance with these hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the saved Rochdale Unitary Development Plan, the adopted Rochdale Core Strategy, the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

Procedure Statement

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.
