Impact on street scene, including subservience, terracing and building line	✓
Height and massing	✓
Facing materials and detailing	✓

Bin storage	✓
Impact on trees	✓

The SPD sets out the following for a single storey extension wrapping around the side and rear of the existing dwelling, 'For detached properties, a point 4 metres along the common boundary measured from the rear elevation of the adjoining or adjacent dwelling(s).' The proposed development complies with the standards. There is no risk of terracing as the development is single storey and set back 1m from the front elevation, this complies with the SPD and is acceptable.

The proposed development is large in scale as the side section of the extension is 9.2m long and the rear section of the elevation is 9.2m wide. The proposed materials are bricks to match the existing dwelling and roof tiles to match the existing. Due to the positioning of the dwelling the proposed development will have limited visibility from the highway and the scale of the proposal is acceptable.

On balance it is considered that the design of the proposal is acceptable and accords with policies DM1 and P3 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Residential Amenity: Are the following acceptable?

Impact on privacy, light & outlook of neighbours (to sides, rear and front)	✓

The proposal is therefore acceptable in terms of residential amenity and accords with policy DM1 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Parking provision	✓

The proposal is therefore acceptable in terms of highways and parking and accords with policy T2 and Appendix 5 of the adopted Rochdale Core Strategy and the NPPF.
