Description of Proposed Works

Please describe the proposed works

The project involves levelling the rear garden and erecting a new boundary fence.

Scope of Work:

1. Levelling the Rear Garden:
 - The existing ground levels will be adjusted to create a more even and usable surface.
 - Any necessary groundworks, including soil redistribution and minor excavation, will be carried out with care to minimize disruption to surrounding properties.
 - Adequate drainage measures will be implemented to prevent water runoff or pooling.
2. Erection of Fence:
 - A new boundary fence will be installed to a height of 5 feet for the rear and 4 feet for the front, using materials that are in keeping with the local environment.
 - The fence will be positioned within the property boundary and will not obstruct public access or neighboring properties.
 - It will be constructed using timber panels and concrete posts to ensure durability and aesthetic appeal.

The proposed work is intended to enhance the safety, privacy, and usability of the garden without negatively impacting the surrounding area.

This work is particularly important for my family as it will create a safe, enclosed garden for my autistic daughter. Currently, the limited space and lack of secure boundaries restrict her ability to play freely. By levelling the garden and erecting a fence, I aim to provide her with a secure and accessible outdoor area that supports her needs and wellbeing.

I appreciate your consideration and look forward to your guidance on any necessary permissions or conditions for proceeding with the work.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

- ☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
