

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 22/00845/FUL

Name and address for correspondence:	Applicant name:
Mr Mike Atkinson Watergrove Cgi 1 Ramsden Road Wardle Rochdale OL12 9LB United Kingdom	Mr Terence Connor

Part I - Particulars of Application

Date of Application: 14 September 2022

Proposal:	Erection of a 3-storey block comprising 10.no two-bedroom apartments with associated car parking, alterations to site entrance and landscaping following demolition of existing building
Location:	Site Of Tapios, Heywood Old Road, Middleton, M24 4QG

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans:-
 - o 63831_TC_1 - Existing and Proposed Site Plans
 - o 63831_TC_2 - Proposed Landscaping Plan
 - o 63831_TC_3 - Proposed Floor Plans and Elevations

and the development shall be carried out in accordance with these drawings hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 3 No clearance of trees and shrubs in preparation for (or during the course of) development shall take place during the bird nesting season (March - August inclusive) unless an ecological survey has been submitted to and approved in writing by the Local Planning Authority to establish whether the site is utilised for bird nesting. Should the survey reveal the presence of any nesting species, then no development shall take place during the period specified above unless a mitigation strategy has first been submitted to and approved in writing by the Local Planning Authority which provides for the protection of nesting birds during the period of works on site.

Reason: In order to prevent any habitat disturbance to nesting birds in accordance with policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 4 No development (including demolition) shall take place until the trees that are to be retained within the site has been enclosed with temporary protective fencing and temporary ground protection has been fully installed in full accordance with the Tree Protection Plan ref. TR-01 rev.V1 and BS:5837:2012 'Trees in relation to design, demolition and construction'. The necessary protection measures shall be retained during the period of construction and throughout the installation of the temporary development hereby approved and no work, excavation, tipping, or stacking/storage of materials shall take place beyond such protective fencing during the construction period.

Reason: In order to protect the existing trees on the site in the interests of the amenities of the area and in accordance with Policies P3, G1, G6 and G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: The trees must be protected before any works are carried out.

- 5 No development (including demolition) shall take place (including any site clearance or preparation works) until a Construction Management Plan (CMP) has been submitted to, and approved in writing by the Local Planning Authority. For the avoidance of doubt, this shall include the following:

- a. the parking of vehicles of site operatives and visitors;
- b. loading and unloading of plant and materials;
- c. storage of plant and materials used in constructing the development;
- d. the erection and maintenance of security hoarding;
- e. measures to protect surrounding sensitive receptors from fugitive dust and debris both during and after the construction phase;

The approved method statement shall be adhered to throughout the construction period. The development shall not be carried out otherwise than in accordance with the approved method statement without the prior written permission of the Local Planning Authority.

Reason: To minimise the detrimental effects to the natural environment through risks of pollution during the construction phase in accordance with Policies DM1, G7 and G9 of the Core Strategy and the National Planning Policy Framework.

Reason for Pre-Commencement: Site clearance poses a threat to the surrounding natural environment and to surrounding occupiers and a scheme therefore needs to be agreed in advance of any works taking place.

- 6 No development other than the demolition of the existing building on site shall take place until such time as a scheme for the disposal of foul and surface waters from the site has been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, surface water must drain separately from foul water. The surface water drainage scheme should be based on the hierarchy of drainage options in the National Planning Practice Guidance with evidence of an assessment of the site conditions, and include details of how the scheme shall be managed after completion. The development shall be completed, maintained and managed in accordance with the approved details.

Reason: To prevent an increased risk of flooding as a result of the development and to ensure satisfactory disposal of surface and foul water from the site in accordance with the requirements of Policy G8 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: As the proposals require ground works, these details are required prior to commencement of any building or engineering works on site.

- 7 No development other than the demolition of the existing building on site shall take place until an investigation and risk assessment (in addition to any assessment provided with the planning application) has been submitted to and approved in writing by the Local Planning Authority. The assessment shall investigate the nature and extent of any contamination on the site (whether or not it originates on the site). The assessment shall be undertaken by competent persons and a written report of the findings submitted to and approved in writing by the Local Planning Authority before any development takes place.

The submitted report shall include:

- i) a survey of the extent, scale and nature of contamination
- ii) an assessment of the potential risks to:
 - o human health,
 - o property (existing or proposed) including buildings, crops, livestock, pets, woodland, and service lines and pipes,
 - o adjoining land,
 - o groundwaters and surface waters,
 - o ecological systems,
 - o archaeological sites and ancient monuments;
- iii) where unacceptable risks are identified, an appraisal of remedial options and proposal of the preferred option(s) to form a remediation strategy for the site.

The development shall thereafter be carried out in full accordance with the duly approved remediation strategy and a verification report submitted to and approved in writing by the Local Planning Authority before any of the buildings hereby approved are first occupied.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with Policy G9 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: Further investigation will be necessary prior to commencement of any building or engineering works on site.

- 8 No development other than the demolition of the existing building on site shall take place until finished floor levels for the proposed buildings and finished ground levels across the site relative to agreed off-site datum point(s) have been submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: In the interests of amenity and in compliance with Policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework

Reason for pre-commencement condition: An understanding of proposed levels in relation to existing levels is required prior to commencement of any relevant engineering operations on site.

- 9 Notwithstanding any description of materials in the application no above ground construction works shall take place until samples and / or full specifications of materials to be used externally on the building(s) have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials, and where brick is proposed, details of the bond used. Development shall be carried out in accordance with the approved details.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 10 Notwithstanding any description in the application, no above ground works shall take place until full product specifications for the windows, external doors, roof lights, and detailed designs of the window and door reveals, at a scale of not less than 1:50, to be used on the development hereby approved, have been submitted to and approved in writing by the Local Planning Authority. The windows and doors shall be installed in accordance with the approved details thereafter.

Reason: In the interests of visual amenity and in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 11 Notwithstanding any description in the application or approved plans, no above ground works shall take place until full details of the design and placement of any pipework, meter boxes or flues (as necessary) to be fixed to the dwellings hereby approved have been submitted to and approved in writing by the Local Planning Authority. The approved measures shall be duly implemented and retained as such thereafter.

Reason: In the interests of visual amenity and in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 12 No above ground works shall take place until a detailed design for the vehicular access from Heywood Old Road, including construction level drawings showing the visibility splay, levels, drainage strategy, lighting and materials (as necessary), has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in complete accordance with the approved details prior to the first occupation of the approved dwellings and shall be retained thereafter for their intended purpose.

Reason: In the interests of highway safety and the free flow of traffic and in accordance with Policies T2 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 13 The hard and soft landscaping shall be carried out in accordance with the landscaping scheme ref. 63831_TC_2 either within a timing/phasing of implementation first agreed in writing with the local planning authority or within the next planting season following first occupation of the development hereby permitted, whichever is sooner.

Any trees or shrubs planted or retained in accordance with this condition which are removed, uprooted, destroyed, die or become severely damaged or become seriously diseased within 5 years of planting shall be replaced within the next planting season by trees or shrubs of similar size and species to those originally required to be planted.

Reason: To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with Core Strategy Policy G6 and G7 and the National Planning Policy Framework.

- 14 No above ground works shall take place until a scheme of biodiversity enhancements for the site including, but not limited to, the provision of bird boxes, bird bricks, bat boxes and bat bricks to be integrated to the fabric of the buildings hereby approved, bug hotels, hibernaculum, wildflower seeding and hedgehog habitat (including provision

of 'Hedgehog Highways') has been submitted to and approved in writing by the Local Planning Authority. The duly approved scheme shall be implemented in full prior to first occupation of the dwellings and retained thereafter.

Reason: In the interests of enhancing biodiversity and habitat provision within the site in accordance with Policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 15 Notwithstanding any details submitted as part of the application, no part of the development shall be occupied until details of the type, siting, design and materials to be used in the construction of boundaries, screens or retaining walls have been submitted to and approved in writing by the Local Planning Authority and the approved structures have been erected in accordance with the approved details. The structures shall thereafter be retained.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 16 No part of the development shall be occupied until such time as details for the design of refuse/recycling bin store has been submitted to and approved in writing by the Local Planning Authority. The duly approved scheme shall be installed in complete accordance and made available for use prior to the approved development first being brought into use. The approved refuse and recycling scheme shall be retained as constructed for its intended use thereafter.

Reason: To ensure the provision of satisfactory and secure facilities for storage of refuse and in the interests of visual amenity in accordance with policy P3 of the Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 17 No part of the development shall be occupied until such time as details for the design of the cycle store as shown on the approved site plan has been submitted to and approved in writing by the Local Planning Authority. The duly approved scheme shall be installed in complete accordance and made available for use prior to the approved development first being brought into use. The approved refuse and recycling scheme shall be retained as constructed for its intended use thereafter.

Reason: To ensure the provision of satisfactory and secure facilities for storage of refuse and in the interests of visual amenity in accordance with policy P3 of the Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 18 The development hereby approved shall be constructed in accordance with the noise mitigation measures set out within the submitted Noise Impact Assessment ref. P3429/R1A/PJK by Acoustic & Engineering Consultants Ltd dated 13 December 2017. No part of the development shall be occupied until such time as a verification report has been submitted to and approved in writing by the Local Planning Authority to confirm that the approved ventilation and acoustic measures have been implemented to achieve the required maximum noise levels. The noise attenuation measures shall be retained as installed thereafter in perpetuity.

Reason: To safeguard the amenities of residents in order to comply with the requirements of Policies G9 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 19 Prior to the first occupation of the development hereby approved, the physical security measures as set out in section 4 of the submitted Crime Impact Statement ref. 2018/0077/CIS/01 shall be implemented in full. The necessary measures shall be retained and maintained thereafter.

Reason: In the interests of reducing crime and fear of crime and in accordance with Policy DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 20 The car parking, servicing and other vehicular access arrangements shown on the approved plans to serve the development hereby permitted shall be made fully

available for use prior to the development being first brought into use and shall be retained thereafter for their intended purpose.

Reason: In the interest of highway safety and the free flow of traffic and in accordance with Policies T2 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 21 No external lighting shall be installed on the building or elsewhere on the site unless a scheme for such lighting has first been submitted to and approved in writing by the Local Planning Authority. The approved details shall thereafter be fully implemented.

Reason: In the interests of amenity and the conservation of protected species and in compliance with Policies P3, G9, DM1 and G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework

Procedure Statement:

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.

Date Decision Issued 20 April 2023

Daniela Ripa
Interim Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms but as an indication, the present charge for a suite of three 240l recycling bins and one 240l refuse bin is £144 per residence. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.

INFORMATIVE:

Bats can be mobile and cryptic in their habits, and can turn up in unexpected places. Under the Wildlife and Countryside Act 1981 it is an offence to capture, injure or kill a bat, deliberately disturb a bat, or damage or destroy a bat roost. Planning consent does not provide a defence against prosecution under this act. If bats are encountered at any time during works, work must cease and advice sought from a suitably qualified person about how best to proceed.

Under Section 1 of the Wildlife and Countryside Act (1981) it is a criminal offense for a person to intentionally kill, injure or take any wild bird, or damage or destroy the nest of any wild bird whilst that nest is in use or being built. Additional care should be taken through the nesting season which runs from 1st March to 31st August inclusive. If any nesting bird is found or suspected which would be affected by the development, work should cease immediately and a suitably qualified ecologist should be contacted for advice at the expense of the applicant. Planning permission does not provide a defence against prosecution under the aforementioned act.
