

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 23/00051/FUL

Name and address for correspondence:	Applicant name:
Mr Mark Harrison TADW Ltd 6 Petersgate Stockport SK1 1HD	Ms Emma Ashton

Part I - Particulars of Application

Date of Application: 6 February 2023

Proposal:	External improvements to existing sheltered housing scheme, including new car park gates, new boundary treatment, resurfacing of paths and car park and alteration of one doorway
Location:	Jack Mccann Court, Trafalgar Street, Rochdale

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following:-

Application form
Proposed Elevations - 58 P3
Proposed External Works Layout - 54 P3
Location Plan

and the development shall be carried out in accordance with these drawings hereby approved unless otherwise required by the conditions below.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the Core Strategy, the Unitary Development Plan and the National Planning Policy Framework.

- 3 The materials used in the construction of the exterior of the development hereby permitted shall match those detailed within the application form and as per annotations within drawings:

Proposed Elevations - 58 P3
Proposed External Works Layout - 54 P3
Location Plan

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 4 The proposed demolition works to any boundary walls shall not commence until a dilapidation survey, providing a survey of the footway, including photographs, has been submitted to and approved in writing by the local planning authority. Any damage to the footway must be made good upon completion, with materials and finish to match the existing surface.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement:

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.

Date Decision Issued 5 July 2023

Daniela Ripa
Interim Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.
