Subject: Proposed installation of 2 number LPG tanks and associated works on existing, former LPG tank structure at the Tetrosyl production site in Bury. Alterations to parking area to facilitate tanker unloading.
Attachments: Plans.pdf

Good afternoon Helen,

I write with regards to the above site concerning a pre-application enquiry you have received.

I note the request from your colleague Michelle for comments to be issued to you no later than the 29th July 2025 but this application unfortunately only reached me last week so I do apologise for the delay.

However, having reviewed the attached documents and proposed development in the context of the site and its surroundings, I do not have any specific comments to make at this stage other than please consult us if necessary on any future forthcoming planning application.

Kind Regards

Nick
