Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans:-

- Location Plan. Drg no. 100
- Block Plan. Drg no. 101. Rev B
- Existing Block Plan. Drg no. 102
- Existing Ground Floor Plan. Drg no. 110. Rev A
- Existing Elevations. Drg no. 111
- Proposal Ground Floor Plan. Drg no. 120

- Proposal Elevations. Drg no. 121. Rev A
- Proposal Roof Plan. Drg no. 122

and the development shall be carried out in complete accordance with these drawings hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan, the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 3 The materials used in the construction of the exterior of the development hereby permitted shall match those used in the construction of the exterior of the existing building in colour, form, type, size and texture.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy, the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 4 Prior to commencement of the works hereby approved, the tree protection measures as specified in the submitted Method Statement Plan (CCLR/MS/01) and Arboricultural Method Statement shall be fully implemented, and shall be retained throughout the period of construction. In addition, no activity prohibited by BS:5837:2012 shall take place within such protective fencing during the construction period.

Reason: In order to protect the existing trees on the site in the interests of the amenities of the area and in accordance with policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework

Procedure Statement:

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

This decision does not imply consent to carry out any work which may encroach over a common boundary. Such work may include excavation, positioning of walls, fences or other construction such as roofs or gutters which overhang the boundary line. The applicant is therefore advised to obtain the consent of any landowner prior to the commencement of such work. The applicant's attention is also drawn to the provisions of the Party Wall Act 1996, which sets out the rights and responsibilities of adjoining landowners in respect of the construction or alterations of any party walls, excavations and other construction works adjacent to the

boundary line. Before proceeding with the development professional advice on the provision of the Act should be sought. "The Party Wall etc. Act 1996: explanatory booklet" is available free of charge from: <https://www.gov.uk/guidance/party-wall-etc-act-1996-guidance>.

INFORMATIVE:

Bats can be mobile and cryptic in their habits, and can turn up in unexpected places. Under the Wildlife and Countryside Act 1981 it is an offence to capture, injure or kill a bat, deliberately disturb a bat, or damage or destroy a bat roost. Planning consent does not provide a defence against prosecution under this act. If bats are encountered at any time during works, work must cease and advice sought from a suitably qualified person about how best to proceed.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.
