

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 24/00911/FUL

Name and address for correspondence:	Applicant name:
Mr Malcolm Percy Building Design and Planning Consultancy 5 Newark Place Henhull Nantwich Cheshire CW5 6XY	Mr and Mrs Martin Talbot

Part I - Particulars of Application

Date of Application: 16 September 2024

Proposal:	Refurbishment, extension and conversion of former chicken shed into single-storey dwelling following demolition of buildings to form parking area with associated landscaping and change of use of adjacent land into residential curtilage
Location:	Land South Of Higher Moorgate Cottage , Gristlehurst Lane, Rochdale, OL10 4BJ

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans and documents:

Existing and Proposed Floor Plans and Elevations - 2288.01 Rev A

Existing and Proposed Site Plans - 2288.02 Rev A
Location Plan - 2288.03
Green Belt Statement - received by the Council 25/11/2024
BNG Metric
Survey and Assessment in Respect of Bat Species and Nesting Birds - Echo Calls Bat Surveys - 12/03/2022
Preliminary Ecological Appraisal - 23/08/2024 - prepared by Arbtech Consulting Ltd

Structural Report prepared by Healey Consulting
BNG Assessment prepared by Arbtech dated 5 September 2024

and the development shall be carried out in accordance with these drawings and documents hereby approved unless otherwise required by the conditions below.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 3 No development shall take place until such time as a scheme for the disposal of foul and surface waters from the site has been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, surface water must drain separately from foul water. The surface water drainage scheme should be based on the hierarchy of drainage options in the National Planning Practice Guidance with evidence of an assessment of the site conditions, and include details of how the scheme shall be managed after completion. The development shall be completed, maintained and managed in accordance with the approved details.

Reason: To prevent an increased risk of flooding as a result of the development and to ensure satisfactory disposal of surface and foul water from the site in accordance with the requirements of Policy G8 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: As the proposals require ground works, these details are required prior to commencement of any building or engineering works on site.

- 4 Notwithstanding any information submitted with the application, no development (except demolition of the garage hereby approved), shall take place until an investigation has been submitted to and approved in writing by the Local Planning Authority. The assessment shall investigate the nature and extent of any contamination on the site (whether or not it originates on the site). The assessment shall be undertaken by competent persons and a written report of the findings submitted to and approved in writing by the Local Planning Authority before any development takes place. The submitted report shall comprise:

- ii) where potential risks are identified by the Preliminary Risk Assessment, a site investigation survey of the extent, scale and nature of contamination and;
- ii) an assessment of the potential risks to:
 - o human health,
 - o property (existing or proposed) including buildings, crops, livestock, pets, woodland, and service lines and pipes,
 - o adjoining land,
 - o groundwaters and surface waters,
 - o ecological systems,
 - o archeological sites and ancient monuments;
- iii) where unacceptable risks are identified, an appraisal of remedial options and proposal of the preferred option(s) to form a remediation strategy for the site.

The development shall thereafter be carried out in full accordance with the duly approved remediation strategy.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with Policy G9 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Reason for pre-commencement condition: Further investigation will be necessary prior to commencement of any building or engineering works on site.

- 5 No site clearance shall take place, including works to trees or shrubs or demolition, between the 1st March and 31st August in any year, unless a detailed bird nest survey has been carried out by a suitably experienced ecologist that shows that no active bird nests are present.

Reason: In order to prevent disturbance to any nesting birds that may be present in accordance with Policies G6 and G7 of the adopted Rochdale Core Strategy, policy JP-G8 of Greater Manchester Places for Everyone and the National Planning Policy Framework.

- 6 The Biodiversity Gain Plan shall be prepared in broad accordance with the BNG Assessment dated 5 September 2024 and prepared by Arbtech.

Reason: To ensure that the requirements of The Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations 2024 are fulfilled and in order to ensure the delivery of a net gain in biodiversity in accordance with the requirements of Policy G7 of the adopted Rochdale Core Strategy, Policy JP-G8 of the adopted Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 7 The development shall not commence until a Habitat Management and Monitoring Plan (the HMMP), prepared in accordance with the approved Biodiversity Gain Plan and including:

- a) a non-technical summary;
- b) the roles and responsibilities of the people or organisation(s) delivering the [HMMP];
- c) the planned habitat creation and enhancement works to create or improve habitat to achieve the biodiversity net gain in accordance with the approved Biodiversity Gain Plan;
- d) the management measures to maintain habitat in accordance with the approved Biodiversity Gain Plan for a period of 30 years from the completion of development; and
- e) the monitoring methodology and frequency in respect of the created or enhanced habitat to be submitted to the local planning authority,

has been submitted to, and approved in writing by the Local Planning Authority.

Reason: To ensure that the requirements of The Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations 2024 are fulfilled and in order to ensure the delivery of a net gain in biodiversity in accordance with the requirements of Policy G7 of the adopted Rochdale Core Strategy, Policy JP-G8 of the adopted Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 8 Notice in writing shall be given to the Council when the:

- (a) HMMP has been implemented; and
- (b) Habitat creation and biodiversity enhancement works set out in the HMMP have been completed.

Reason: To ensure that the requirements of The Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations 2024 are fulfilled and in order to ensure the delivery of a net gain in biodiversity in accordance with the requirements of Policy G7 of the adopted Rochdale Core Strategy, Policy JP-G8 of the adopted Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 9 Notwithstanding the details shown on the approved plans, the development hereby permitted shall not be occupied until full details of both hard and soft landscaping works and tree-replanting scheme have been submitted to and approved in writing by the Local Planning Authority. The details shall include details of materials to any hard surfaced areas, planting plans, specifications and schedules (including planting size, species and numbers/densities), existing plants / trees to be retained and a scheme for the timing / phasing of implementation works. Works should include proposals for mixed hedgerow planting.

The landscaping works shall be carried out in accordance with the approved scheme for timing / phasing of implementation or within the next planting season following final occupation of the development hereby permitted, whichever is the sooner.

Any trees or shrubs planted or retained in accordance with this condition which are removed, uprooted, destroyed, die or become severely damaged or become seriously diseased within 10 years of planting shall be replaced within the next planting season by trees at a 2:1 ratio or shrubs of similar size and species to those originally required to be planted.

Reason: To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with Core Strategy Policy G6 and G7 and the National Planning Policy Framework. Landscaping and tree replanting.

- 10 No above ground construction works shall take place until full specifications and samples on site of the materials to be used externally on the building(s) as shown on approved drawing 2288.01 Rev A, and window / door materials which shall be timber or aluminium have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. The development shall be carried out in accordance with the approved details.

Reason: In the interests of amenity and in compliance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 11 Pursuant to condition 4, and prior to first occupation of any dwelling, a verification report, which validates that all remedial works undertaken on site were completed in accordance with those agreed with the Local Planning Authority, shall be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe development of the site in the interests of the amenity of future occupiers in accordance with Policy G9 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 12 The car parking to serve the development hereby permitted and as shown on plan 'Proposed Site Plan - 2288.02 Rev A' shall be constructed in full and made fully available for use prior to the development being first occupied and shall be retained thereafter for their intended purpose.

Reason: To protect the amenity of nearby occupants and to accord with policies G9 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement:

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.

Date Decision Issued 19 December 2024
Melanie Hale
Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £43.00 for householder applications and £145.00 in all other cases.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.

INFORMATIVE:

The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms but as an indication, the present charge for a suite of three 240l recycling bins and one 240l refuse bin is £144 per residence. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- 1) a Biodiversity Gain Plan has been submitted to the planning authority,
- and;
- 2) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Rochdale Council.

Based on the information available this permission is considered to be one which will require the approval of a biodiversity gain plan before development is begun because none of the statutory exemptions or transitional arrangements listed below are considered to apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.
2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.
3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and
 - (i) the original planning permission to which the section 73 planning permission relates* was granted before 12 February 2024; or
 - (ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.
4. The permission which has been granted is for development which is exempt being:
 - 1.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:
 - i the application for planning permission was made before 2 April 2024;
 - ii planning permission is granted which has effect before 2 April 2024; or
 - iii planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).
- 4.2 Development below the de minimis threshold, meaning development which:
 - i does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and
 - ii impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).
- 1.5 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A "householder application" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
- 2.5 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).
- 3.5 Self and Custom Build Development, meaning development which:
 - i consists of no more than 9 dwellings;
 - ii is carried out on a site which has an area no larger than 0.5 hectares; and
 - iii consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.5 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

*original planning permission means the permission to which the section 73 planning permission relates" means a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

For the purposes of paragraph 13 (a) above, a biodiversity gain plan is a plan which:

1 relates to development for which planning permission is granted,

and;

2 specifies the matters referred to in sub-paragraph 14(2) below:

The matters are:

- 1 information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- 2 the pre-development biodiversity value of the onsite habitat;
- 3 the post-development biodiversity value of the onsite habitat;
- 4 any registered offsite biodiversity gain allocated to the development and the biodiversity and the biodiversity value of that gain in relation to the development;
- 5 any biodiversity credits purchased for the development; and
- 6 any such other matters as the Secretary of State may by regulations specify.
