Assessment

Design and Visual Amenity: Are the following acceptable?

Impact on street scene, including subservience, terracing and building line	✓
Height and massing	✓
Facing materials and detailing	✓
Roof style	✓
Window proportions	✓
Bin storage	✓
Impact on trees	✓

The design of the proposal is therefore acceptable and accords with Policies DM1 and P3 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Residential Amenity: Are the following acceptable?

Impact on privacy, light & outlook of neighbours (to sides, rear and front)	✓
Light and outlook of application property	✓
Remaining garden space of application property	✓

The proposed extension would result in the increase in ridge height of the existing attached garage by 0.6m and would match the height to eaves of the host dwelling. Given this marginal increase and the presence of a similar attached garage at no. 88, it is considered the proposal would not give rise to undue overshadowing or overbearing impact to the adjacent occupiers.

The proposal is therefore acceptable in terms of residential amenity and accords with Policy DM1 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Highways and Parking: Are the following acceptable?

Impact on highway safety	✓
Parking provision	✓

The proposal is therefore acceptable in terms of highways and parking and accords with Policy T2 and Appendix 5 of the adopted Rochdale Core Strategy and the NPPF.
