Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

On from original application in 2013 13/00544/FUL change of use to form livestock and horticultural area to provide provision to run the Animal Management Courses at the college, this new application is to increase the scope of uses on site to include commercial use and scope of uses to a zoo (i.e. for public exhibition of animals) as part of this. Also to seek to regularise the sites addition of polytunnels/ animal sheds since the original application which have been there for several years on from feedback from the planning officer.

The college are trying to sort out updates to the licenses with the council and have been advised that they need a planning application to address the 'commercial function' aspect required to this area. They are looking to run the animal area more commercially – to allow an extra income stream to help fund the upkeep of the facility and maintenance of the animals for the education purposes - from events such as Animal Academy, birthday parties, school visits and animal experiences. It does not require any physical changes or development on site – its just utilisation of their current set-up in a different way, outside of curriculum time.

Has the work or change of use already started?

- ☒ Yes
☐ No

Existing Use

Please describe the current use of the site

A livestock and horticultural area and associated development on the college site which runs the animal management education courses. This supports the other buildings on site which run the theoretical and further practical education aspects for the courses. There is no comparable course of study within the greater Manchester conurbation and the development improved the College's reputation and objective to deliver this course offering in the borough.

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Are there any new public roads to be provided within the site?

- ☐ Yes
☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

- ☐ Yes
☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- ☐ Yes
☒ No

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- ☒ Yes
☐ No

Use of existing college provision across the wider site as indicated in Design and Access Statement.

Trees and Hedges

Are there trees or hedges on the proposed development site?

- ☒ Yes
☐ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

- ☒ Yes
☐ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☐ Yes
☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☐ Yes
☒ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☐ Existing water course
☐ Soakaway
☐ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Details of the pre-application advice received

From John -

I have looked in to this previously and provided advice to our licensing team – you are correct that permission would be required to increase the scope of uses to a zoo (i.e. for public exhibition of animals). For this, a change of use application would be required.

However, I am under the impression that there may be development on site which does not benefit from consent – therefore this may be an opportunity to seek to regularise this through a full planning application which could include the change of use element. Additionally, if new built development is required, then this approach would need to be taken.

Additionally, given that the site is within the setting of listed building(s), a LBC application will be required.

Therefore, I would expect to see either a CoU application, or a full planning application including CoU, accompanied by a LBC application.

I confirmed no new build is proposed.

Also on review with the Catherine Fenghour (Conservation Officer) it was agreed that LBC was not required as below from Sevens RIBA Accredited Conservation Architect Samantha Gill to John on from review with Catherine:

Having spoken to Catherine yesterday regarding the Hall itself I mentioned the requirements for LBC within the context of the planning applications for the animal care. She mentioned that this is probably not a requirement but instead a Heritage Impact Assessment would be required as part of the planning application. Of course, we are happy to go with the most appropriate way forward however it would be helpful if this could be confirmed prior to us collating the information.

On from this John confirmed please proceed as advised by Catherine. 27/05/22

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
- ☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
- ☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
