Assessment

Design and Visual Amenity: Are the following acceptable?

Impact on street scene, including subservience, terracing and building line	✓
Height and massing	✓
Facing materials and detailing	✓
Roof style	✓
Window proportions	✓
Bin storage	✓
Impact on trees	✓

The proposed development consists of a single storey front porch extension. The proposed porch will be 3.4m in height and 2.4m wide. This is considered to be a proportionate addition to the existing building. The materials are proposed to match the existing dwelling and this is acceptable within the street scene. The proposed roof is a gable roof and whilst this would be slightly incongruous, on balance is considered acceptable.

The design of the proposal is therefore acceptable and accords with CS Policies DM1 and P3, PfE Policy JP-P1, the SPD and the NPPF.

Residential Amenity: Are the following acceptable?

Impact on privacy, light & outlook of neighbours (to sides, rear and front)	✓
Light and outlook of application property	✓
Remaining garden space of application property	✓

The extension would be of a scale that would not result in any adverse overshadowing or result in a loss of privacy.

The proposal is therefore acceptable in terms of residential amenity and accords with CS Policy DM1, PfE Policy JP-P1, the SPD and the NPPF.

Highways and Parking: Are the following acceptable?

Impact on highway safety	✓
Parking provision	✓

The proposed development will not have a negative impact on highway safety.

The proposal is therefore acceptable in terms of highways and parking and accords with CS Policy T2, CS Appendix 5 and the NPPF.

Recommendation: Grant subject to the following conditions

1. The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2. This permission relates to the following plans:

- Location and Site Plan 0006 Rev P02
- Proposed Elevations 0005 Rev P04
- Ground and First Floor Plan Proposed 0004 Rev P03

and the development shall be carried out in accordance with these drawings hereby approved unless otherwise required by the conditions below.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the saved Rochdale Unitary Development Plan, the adopted Rochdale Core Strategy, the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

3. The materials used in the construction of the exterior of the development hereby permitted shall match those used in the construction of the exterior of the existing building in colour, form, type, size and texture.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Article 35 Statement

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.
