Retrospective application to create driveway and proposed dropped kerb.

Shorten the parking bay outside the front of house to ensure we have access to the driveway at all times. (As it current stands the parking bay runs right up to the bus stop, meaning any cars parked on the end would block off access to the driveway)

Parking

Will the proposed works affect existing car parking arrangements?

- ☒ Yes
☐ No

If Yes, please describe:

There's currently space for 5 cars to park in the bay outside our row of houses. The popularity of restaurant on the next row of properties proves very difficult for residents to park near their house at times, If space is available we need to parallel park, sometimes making multiple "shunts" to get the vehicles in safely.

If permission is granted we'll be able to park at least 2 / 3 cars off the main road. Likewise, it would be safer to manoeuvre the cars on the drive.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
