Condition 10 - No development (including any site clearance or preparation works) shall take place until a method statement for removal/control of any invasive plant species, including Japanese Knotweed, within the site has been submitted to and approved in writing by the Local Planning Authority. The method statement shall include measures to prevent the spread of invasive species during any operations (e.g. strimming, soil movement or land remodelling works) and to ensure that any soils brought to the site are free of the seeds, root or stem of any invasive plant, and a timetable for its implementation and shall include a Method Statement, to include as a minimum:

- o Detailed mapping of the distribution of the plant across the site.
- o Suitable signage and protection from vehicle tracking and/or earth moving. This is usually 7m from above growing parts of the plant
- o Treatment programme
- o Biosecurity protocols for machinery and soil handling & storage
- o Monitoring and retreatment programme for minimum of 5 years post site clearance

The development shall thereafter be carried out in strict accordance with the details and timescale contained within the duly approved method statement.
