Description

Please describe details of the proposed development or works including any change of use

Proposal for a self contained pod Changing Places specialist toilet for disabled persons use. The pod will be a turn-key installation and is part funded by Department of Levelling Up Housing and Communities, (DLUHC). The pod would be registered with the Changing Places Consortium and be included on their website for all disabled users to locate. The pod is to include specialist equipment including hoist, changing bed, raised height toilet, adjustable height basin and other fixtures and fittings as standard to enable disabled people to enjoy days out without worrying about toileting facilities. After a site survey with a specialist contractor, it was suggested that the pod should be sited on the car park to the rear of the grounds maintenance shed at the family end of the stadium.
