

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 24/00349/HOUS

Name and address for correspondence:	Applicant name:
Mr Tony Dust P A Dust Architect 1 Spring Mill Spring Street Uppermill Oldham OL3 6AJ United Kingdom	Mr Andrew Ogden

Part I - Particulars of Application

Date of Application: 20 June 2024

Proposal:	Proposed single storey side extension, erection of front canopy and formation of front hardstanding
Location:	25 Hurstead Road, Milnrow, Rochdale, OL16 3JS

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The permission relates to the following plans:

- o Location Plan - received 16/04/2024
- o Existing and Proposed Site Plan - Drawing No. AO01/0424/03 Rev. A received 30/07/2024
- o Existing Ground Floor Plan and Elevations - Drawing No. AO01/0424/01 received 16/04/2024
- o Proposed Ground Floor Plan and Elevations - Drawing No. AO01/0424/02A received 16/04/2024

and the development shall be carried out in accordance with these drawings hereby approved.

Reason: For the avoidance of doubt, and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the adopted Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 3 Notwithstanding any description of materials in the application, no above ground construction works shall take place until samples and / or full specifications of materials to be used externally on the building(s) have been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, the materials used in the construction of the exterior of the development shall be in red brick and natural slate and match those used in the construction of the exterior of the existing building in colour, form, type, size and texture. The development shall be carried out in accordance with the approved details.

Reason: In the interests of amenity and in compliance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy, Policy JP-P1 and JP-P2 of the adopted Places for Everyone Joint Development Plan, and the National Planning Policy Framework.

Procedure Statement:

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.

Date Decision Issued 19 August 2024

Melanie Hale
Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

This decision does not imply consent to carry out any work which may encroach over a common boundary. Such work may include excavation, positioning of walls, fences or other construction such as roofs or gutters which overhang the boundary line. The applicant is therefore advised to obtain the consent of any landowner prior to the commencement of such work. The applicant's attention is also drawn to the provisions of the Party Wall Act 1996, which sets out the rights and responsibilities of adjoining landowners in respect of the construction or alterations of any party walls, excavations and other construction works adjacent to the boundary line. Before proceeding with the development professional advice on the provision of

the Act should be sought. "The Party Wall etc. Act 1996: explanatory booklet" is available free of charge from: <https://www.gov.uk/guidance/party-wall-etc-act-1996-guidance>.

INFORMATIVE:

Bats can be mobile and cryptic in their habits, and can turn up in unexpected places. Under the Wildlife and Countryside Act 1981 it is an offence to capture, injure or kill a bat, deliberately disturb a bat, or damage or destroy a bat roost. Planning consent does not provide a defence against prosecution under this act. If bats are encountered at any time during works, work must cease and advice sought from a suitably qualified person about how best to proceed.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.

The applicant is reminded of the need to provide a standard vehicle access crossing which will require a separate permission from the Council as Highways Authority for the works. The works will be required to be approved and implemented in full prior to the first use of the approved development.
