Location:	Land And Buildings; , Pershore, Stavordale, Thetford, Quinton,, Lower Falinge, Cronkeyshaw , Rochdale, OL12 6RE

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans and documents:-

- Location Plan (Drawing 100 dated 30 June 2023)
- Proposed Site Plan (Drawing 106 Revision 1 dated 30 June 2023)
- Proposed Removal Works Plan (Drawing 102 dated 30 June 2023)
- Proposed Elevations - Pershore (Drawing 109 Revision 1 dated 30 June 2023)
- Proposed Elevations - Stavordale (Drawing 108 Revision 1 dated 30 June 2023)
- Proposed Roof Garden Section (Drawing 110 dated 30 June 2023)
- Construction Management Plan ('Construction Phase Plan (HS01)' dated 21 August 2023)

And the development shall be carried out in accordance with these drawings hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 3 Prior to commencement of works to the existing retaining wall to the east of Sherriff Street, the applicant shall submit a suitably detailed Structural Impact Assessment for approval by the Local Planning Authority in consultation with the Council's Highways & Engineering department. Works to the retaining wall shall thereafter be completed in full accordance with the approved assessment.

Reason: To ensure that the proposed works do not result in undue impact upon highway safety, including upon pedestrian movements in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan and the National Planning Policy Framework.

- 4 Notwithstanding any description of materials in the application no works shall commence to balconies or staircase/refuse/ramp surrounds shall take place until samples and/or full specification of materials to be used externally on the buildings have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. Development shall be carried out in accordance with the approved details prior to the first occupation of the development.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy and the requirements of the National Planning Policy Framework.

- 5 No works to the existing public realm area to the front curtilage of Thetford, roof top gardens to Thetford, or private amenity space to the east of Pershore shall take place until a scheme of biodiversity enhancements for the site including, but not limited to, the provision of bird boxes, bird bricks, bat boxes and bat bricks to be integrated to the fabric of the buildings hereby approved, bug hotels, hibernaculum, wildflower seeding has been submitted to and approved in writing by the Local Planning Authority. The duly approved scheme shall be implemented in full prior to first occupation of the dwellings and retained thereafter.

Reason: In the interests of enhancing biodiversity and habitat provision within the site in accordance with Policy G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 6 (a) No works to the existing public realm area to the front curtilage of Thetford, roof top gardens to Thetford, or private amenity space to the east of Pershore shall take place until full details of both hard and soft landscaping works have been submitted to and approved in writing by the Local Planning Authority. The details shall include the formation of any banks, terraces or other earthworks, hard surfaced areas and materials, planting plans, specifications and schedules (including planting size, species and numbers / densities), existing plants / trees to be retained and a scheme for the timing / phasing of implementation works.

(b) The landscaping works shall be carried out in accordance with the approved scheme for timing / phasing of implementation or within the next planting season following final occupation of the development hereby permitted, whichever is the sooner.

(c) Any trees or shrubs planted or retained in accordance with this condition which are removed, uprooted, destroyed, die or become severely damaged or become seriously diseased within 5 years of planting shall be replaced within the next planting season by trees or shrubs of similar size and species to those originally required to be planted.

Reason: To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with policies P3, DM1 and G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

- 7 No external lighting shall be installed on the building or elsewhere on the site unless a scheme for such lighting has first been submitted to and approved in writing by the Local Planning Authority. The approved details shall thereafter be fully implemented.

Reason: In the interests of amenity and the conservation of protected species and in compliance with Policies P3, G9, DM1 and G7 of the adopted Rochdale Core Strategy and the National Planning Policy Framework

- 8 The development shall be carried out in complete accordance with the approved Construction Management Plan as set out in Condition 2 'Approved Plans and Documents'.

Reason: To minimise detrimental effects to the amenity of surrounding residential occupiers and dangers to highway safety during the construction phase in accordance with Policies DM1, T2, and G9 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement:

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.

Date Decision Issued 19 January 2024

Melanie Hale
Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.

INFORMATIVE:

The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms but as an indication, the present charge for a suite of three 240l recycling bins and one 240l refuse bin is £144 per residence. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.

Bats can be mobile and cryptic in their habits, and can turn up in unexpected places. Under the Wildlife and Countryside Act 1981 it is an offence to capture, injure or kill a bat, deliberately disturb a bat, or damage or destroy a bat roost. Planning consent does not provide a defence against prosecution under this act. If bats are encountered at any time during works, work must cease and advice sought from a suitably qualified person about how best to proceed.

Under Section 1 of the Wildlife and Countryside Act (1981) it is a criminal offense for a person to intentionally kill, injure or take any wild bird, or damage or destroy the nest of any wild bird whilst that nest is in use or being built. Additional care should be taken through the nesting season which runs from 1st March to 31st August inclusive. If any nesting bird is found or suspected which would be affected by the development, work should cease immediately and a suitably qualified ecologist should be contacted for advice at the expense of the applicant. Planning permission does not provide a defence against prosecution under the aforementioned act.
