Description of Proposed Works

Please describe the proposed works

I am seeking permission to install, two Air Source Heat Pumps (Daikin Altherma 9kW EDLA09D3V3) to the rear of my property and removing my gas boiler. The ASHPs will be situated either side of my back door under the existing windows, they will be ground mounted and sit on anti vibration risers. Each unit is H870 x W1380 x D460 and will face away from the House at ~330 degrees NW. The insulated piping from the ASHPs to the house will be underground to increase visual amenity. Neither of the ASHPs can be seen from the road.

The ASHP's will significantly reduce the carbon emissions from the property, directly addressing: the Climate Emergency declared by RMBC in July 2019, Greater Manchester's 2038 Carbon Neutral target, and the GM Retrofit Strategy - Accelerating the renovation of Greater Manchester Buildings.

Has the work already been started without consent?

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

- ☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

As I am looking to install 2 ASHPs, I wanted to confirm the best approach when adding the two noise figures together, as these are logarithmic so its not a matter of just simple addition. The process was explained to me and that if the resultant figure was less then 42dB(A), with a background of 40 dB(A), which is the permitted development level under the MCS, the noise level should not be a barrier.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
