CHECKED AND SIGNED OFF BY: TH DATE: 18.08.2023

SITE

The application relates to an Ash tree (T1) located in the side garden amenity space of 3 Meadowcroft House within the Bamford ward of Rochdale.

PROPOSAL

The proposal seeks consent for the felling of the T1 Ash tree due to extensive decline caused by ash dieback disease.

RELEVANT PLANNING POLICY

National Guidance

National Planning Policy Framework (NPPF)

National Planning Practice Guidance (NPPG)

Adopted Rochdale Core Strategy (CS):

G7 – Increasing the value of biodiversity and geodiversity

RELEVANT SITE HISTORY

None Applicable

CONSULTATION RESPONSES

Tree Officer

I have no objections to the removal of this tree, clearly exhibiting Ash die-back symptoms. The disease is endemic in the area and the tree is not recoverable.

Removal is justified on safety grounds.

I would also agree with that replanting at this location is impractical

REPRESENTATIONS

In accordance with council policy on neighbour notification for this type of application, no letters of notification were sent to neighbouring properties.

ANALYSIS

In considering applications for works to protected trees, Government advice in paragraph 90 of the NPPG states:

“When considering an application the authority is advised to:

- assess the amenity value of the tree or woodland and the likely impact of the proposal on the amenity of the area;*
- consider, in the light of this assessment, whether or not the proposal is justified, having regard to the reasons and additional information put forward in support of it;*
- consider whether any loss or damage is likely to arise if consent is refused or granted subject to conditions;*
- consider whether any requirements apply in regard to protected species;*
- consider other material considerations, including development plan policies where relevant; and*
- ensure that appropriate expertise informs its decision.”*

In considering whether there has to be an arboricultural need for proposed works to a TPO, paragraph 91 of the NPPG states:

“In general terms, it follows that the higher the amenity value of the tree or woodland and the greater any negative impact of proposed works on amenity, the stronger the reasons needed before consent is granted. However, if the amenity value is lower

and the impact is likely to be negligible, it may be appropriate to grant consent even if the authority believes there is no particular arboricultural need for the work."

With regard to the above, the main considerations in respect of this application are whether the proposal for works to the tree is justified in light of the assessment of the amenity value of the tree and whether the reasons for works are of sufficient standing to warrant the granting of consent.

To assess the acceptability of the proposal against the above considerations, the Council's Tree Officer has been consulted. The Officer raised no objections to the application on Arboriculture grounds. The works are justified on the grounds of avoidance of harm to 3 Meadowcroft House and in the interest of good arboriculture practice.

RECOMMENDATION

GRANT Subject to Standard Conditions

Notes for Applicant:

For the avoidance of doubt, this Decision Notice relates to the following drawings / document(s):-

- LOCATION PLAN
